

My Prayer Commitment

The topic of study for the month of May in the School of the Local Church is **PRAYER**. May 5, 2000 is the National Day of Prayer. Pastors Terry and Jan have also dedicated May 2000 as a month of prayer for your own church.

The ONLY BASIS of prayer is our written covenant with God, the Bible. Prayer, in conjunction with Bible Study, is the MEANS by which we contact and commune with Father, through the Son, and by Holy Spirit. Prayer and scripture study, with subsequent obedience to the Word, is the MEANS by which God works in and through us, to bring about obedience, holiness of life, and the fruit of His Spirit, transforming us into His likeness. All of these are reasons why each of us should commit to pray daily.

This Prayer Commitment is a way to commit to daily prayer, to work with God to accomplish His will in our own lives and in others. Prayer is a MEANS by which we can actively participate in the work of God throughout the earth, without even leaving our own homes !!

I, _____, do hereby commit to pray

_____ minutes daily for the month of May 2000.
