<b>THE GREAT INVOCATION</b>	
<p>From the point of Light within the Mind of God            Let light stream forth into the minds of men            Let Light descend on Earth.            From the point of Love within the Heart of God            Let love stream forth into the hearts of men            May Christ return to Earth.</p>	<p>From the center where the Will of God is known            Let purpose guide the little wills of men            The purpose which the Masters know and serve.            From the center which we call the race of men            Let the Plan of Love and Light work out            And may it seal the door where evil dwells.            Let Light and Love and Power restore the Plan on Earth.</p>

## **THE masters & the SPIRITUAL HIERARCHY**

That Being that we call God, manifests first as a Trinity and then as a Septenary. From the One comes the Three and then the Seven. In Christianity we call these three, the Father, the Son and the Holy Ghost, and the seven we call the Seven Spirits before the Throne of God. The Occultist may prefer to say, that from the One, comes the three major Rays and the four minor Rays.

God has a Purpose and a Plan and that Plan is carried out, by those who have evolved to great spiritual heights. They have moved out of the human kingdom and into the Spiritual or Superhuman kingdom, where, with the help of the Angelic kingdom, the work of spiritual evolution is carried out.

These Great Ones are known by many names. The Great White Brotherhood and the Spiritual Hierarchy of this planet are two. They are the Teachers of Humanity, our Elder Brothers and Sisters, the great Masters of the Wisdom.

**Definition:** A Master of the Wisdom is a man or woman Who has undergone the fifth initiation. Their consciousness has achieved such an expansion, that it now includes the fifth or spiritual kingdom. They have developed themselves on all the rays.

These Masters of the Wisdom are slowly bringing God's plan to it's next stage, always allowing for the freedom of people to chose their own destiny.

**Teaching.** All is Energy! Differentiation into the three major types occurs and then into seven. The Seven great streams of energy flow forth and are the basis for the Science of the Seven Rays. Each ray has a different name and produces different effects.
