

By Chris Beard

After years of planning, research, and development the world's financial institutions are announcing the much anticipated GLOBAL CASHLESS SOCIETY. The ability to conduct all manner of monetary exchange is now being replaced by microchip technology and electronic currency. MONDEX is the company providing this cashless system and has already franchised over 20 major nations. This system was created in 1993 by London bankers Tim Jones and Graham Higgins of NATEST/COUTTS, the personal bank of Britain's Royal Family. The system is based on SMART CARD technology which employs microchips concealed in a plastic card which stores electronic cash, identification, and other information. All transaction systems are being made secure by adopting SET protocols (Secure Electronic Transaction) and will display the SET MARK. MON-DEX - A compound of the words MONETARY & DEXTER. Webster's Dictionary Encyclopedia Edition defines these words as: monetary - pertaining to money dexter - belonging to or located on the right hand; SET - the Egyptian god of evil or Satan.

Along with the cards, you may use a PET device (Personal Electronic Transfer). This wallet sized calculator-like device allows you to conduct personal currency exchanges with other card holders. The cards also works with the NORTEL/BELL VISTA 360 phone, MILLENNIUM pay phones, ATMs, your PC, the INTERNET, and online businesses and institutions. This cashless system has been tested extensively in the city of Guelph, in Ontario, Canada, and in the U.K. and U.S. All Canadian banks have signed up to MONDEX and will be promoting it soon. Plans are to have it in widespread use by 1998. The CIBC (Canadian International Bank of Commerce) has even set up a model cashless branch inside NORTEL in Brampton, Ontario. Over 250 corporations in 20 countries are involved in bringing MONDEX to the world and many nations have already been franchised to use it: the U.K., Canada, U.S.A., Australia, New Zealand, Israel, Hong Kong, China, Indonesia, Macau, Malaysia, Philippines, Singapore, Thailand, India, Taiwan, Sri Lanka, Costa Rica, Guatemala, Nicaragua, Panama, Honduras, El Salvador and Belize. The European Union is expected to adopt the MONDEX system as their unified currency solution. Other SMARTCARD systems are quickly being put aside in favor of MONDEX, especially since MASTER CARD bought a 51% stake in the company. NATWES will still maintain directorship in it's development and implementation. "This is the final stage in becoming a global reality," said Robin O'Kelly of MONDEX International. "With MasterCard's backing, there's nothing to stop MONDEX now from becoming the global standard. Eventually the idea of carrying a card will become obsolete as people soon discover that it has its security limitations-namely, being susceptible to damage, loss and theft. The final solution will be to have the microchip simply placed inside the human body as they do now with microchip pet identification systems.

INFOPET is one of several companies that provide a syringe gun implantable bio-chip that is injected under the skin of an animal. The chip can be read by a scanner and the code identifying the owner and pet will bring up a file on a computer. The system boasts that it can track over 1 billion pets by satellites and cellular towers. MOTOROLA, who produce the microchips for the MONDEX SMARTCARD, has developed several human implantable bio-chips. The BT952000 chip was engineered by Dr. Carl Sanders who was directed in 17 NEW WORLD ORDER meetings to develop the device for global use in humans for economic and identification purposes. The bio-chip measures 7mm long and .75mm in width, about the size of a grain of rice. It contains a transponder and a rechargeable lithium battery. The battery is charged by a thermo-couple circuit that produces voltage from fluctuations in body temperature. They spent over 1.5 million dollars studying where to place the chip in the human body. They found only two suitable and efficient places - the FOREHEAD just under the hairline, and the back of the hand, specifically the RIGHT HAND. ***"And he causes all, the small and the great, and the rich and the poor, and the free men and the slaves, to be given mark in their right hand, or in their forehead, and he provides that no one should be able to buy or sell, except the one who has the mark, either the name of the beast, or the number of his name."* (Revelation 13:16.)**

Dr. Sanders was against the use of the lithium battery because it was known that if it were to break the lithium would cause a GRIEVOUS BOIL or sore and cause much agony to the host. ***"And the first went and poured out his vial upon the earth, and there fell a noisome and grievous sore upon the men which had the mark of the beast, and upon them which worshiped his image."* Revelation 16:2.**

After Dr. Sanders left the project, he was introduced to the prophetic scriptures in the Bible concerning the "mark of the beast" He then converted to the Christian faith and now conducts seminars on this topic. He developed patented medical, surveillance, and security equipment for the FBI, CIA, IRS, IBM, GE, Honeywell, and Teledyne. He has also received the President's and Governor's award for design and excellence. Mark is charagma, which means a scratch, or etching, stamp, insignia, or mark of servitude. The number 666 is the Greek phrase Chi Xi Sigma, meaning to stick or prick, a mark incised or punched for the recognition of ownership.

The industry name for the advanced smart card developed by GEM-PLUS and the U.S. DOD (Department of Defense) is the MARC (Multi-technology Automated Reader Card). The code name for it's development was 'TESSERA'. A tessera was the Roman insignia of ownership placed on their slaves which if removed would result in the slave being branded with a mark.

In November 1996 an agreement was made by which GEMPLUS will supply smartcards for the global implementation of MONDEX. AT&T/Lucent Technologies purchased the franchise for MONDEX USA. Their logo is the symbol of the Solar Serpent or RED DRAGON who is Satan. LUCENT is compounded from LUCIFER - ENTERPRISES. They seem to be quite flagrant in naming their products STYX (a river in Hades), JANUS (2 faced god) and INFERNO promoted with a quote from "The Inferno," a story about LUCIFER in the bowels of hell. The "ring of fire" is the ancient Pantheon. This company deliberately chose to move their new offices into 666 Fifth Avenue in Manhattan. ***"Day was departing, and the darkening air called all earth's creatures to their evening quiet while I alone was preparing as though for war."* - The Inferno, Dante, Canto II**

One of their proudest achievements is TTS (Text To Speech) in which they give the human-like quality of speech to lifeless technology. This only tends to remind one of the apocalyptic scriptures. ***"And it was given to him to give breath to the image of the beast, that the image of the beast might even speak."* Revelation 13:15** Since it is not practical to place a microchip in every product that is to ever be bought and sold a UPC BARCODE does the job nicely. What most people don't realize is that this is the "mark of the beast" for the products we buy, use and dispose of everyday. Every UPC BARCODE contains the numbers 666. You will find one of two versions of the mark. The most common has 10 numbers divided into two parts. The other will have 6 numbers. In both versions there are 3 unidentified bars. Those bars are 6, 6, and 6. These are called guard bars, they tell the scanner when to start, divide, and stop the reading. ***"Let him who has understanding calculate the number of the beast for the number is that of a man, and his number is 666."* Revelation 13:18**

PROJECT LUCID This global police state apparatus was designed to monitor every man, woman, and child once issued a UNIVERSAL BIOMETRICS CARD just like the MARC or MONDEX. The system was designed by Jean Paul Creusat, M.D. and UN-INEOA representative (United Nations International Narcotic Enforcement Officers Association). An article appeared in NARC OFFICER magazine, that describes the system. It appears to be closely related to the UN GLOBAL SECURITY PROGRAMME. Author Texe Marrs has written an entire book on PROJECT LUCID. In it he tells of the refusal to disclose the project's acronym leading him to believe LUC-ID may stand for LUCIFER'S IDENTIFICATION. Many proponents of the NEW GLOBAL ORDER are occultic, Masonic, or antichristian and they seem to take delight with

their veiled expressions. With LUCID the global law enforcement authority will be able to track your every move, transaction, and acquaintance - it's that intrusive.

Simon Davies of PRIVACY INTERNATIONAL investigated MONDEX's anonymity claims and found that they were monitoring all transactions in the trials breaking specific trade laws. Many if not most of MONDEX's original 17 or so financial backers are from the London banking district belonging to the CLUB OF THE ISLES, a HOUSE OF WINDSOR banking cartel that has a major choke hold on GLOBAL economics. Through secretive meetings and strategic alliances these powerful MASONIC institutions influence world politics, finances, resources, and even the policies and structure of the UNITED NATIONS. Their goal is a NEW WORLD ORDER based on one global government, one global religion, and one global electronic economy.

There is a MAN who is the BEAST spoken of by the prophets and the number of his name is 666. He is the LORD OF THE ISLES, a world figure whom many adore but he is also a man of intrigue and his power and influence have been grossly underestimated. He and his family were the first to publicly receive the microchip implant/mark which was broadcast around the world on CNN in March of 1996. But because the whole world is asleep, deluded, too busy, and unaware the god of this world continues to work in secrecy.

There are hundreds more companies and people involved with the implementation of the GLOBAL CASHLESS ECONOMY but presented here are a few of the main players. This should give you a brief introduction to what the mark of the beast is and how it is being implemented. I have also included a few explanations of MONDEX symbolism. MONDEX's logo contains 3 inter-linked rings, a symbol only found in occultic MASONIC orders. Its general meaning regards three gods or the Egyptian/Pagan trinity especially in the Enochian Temple Magick rituals of the Hermetic Order of the Golden Dawn. Namely Isis, Osiris, Horus, but originally in the Bible Ashtoreth, Nimrod, Tammuz/Baal. The Pagan trinity are three gods manifested in one way whereas the Christian trinity is one god manifested in three ways. This symbol was also used by the Grand Lodge of England and the Order of Odd Fellows founded by NERO in A.D. 55.

"Originally a symbol of imprisonment and slavery, defeat. The 'golden chain' (in Latin catena aurea) was thought of in antiquity as linking heaven and earth" [like the tower of Babel in Babylon] "This is Homer's 'golden chain', which God, according to the poet, ordered suspended from heaven to earth. In the symbolism of Freemasonry, the "fraternal chain" is the bond between brother Masons understood as extending across international borders and encircling the globe. The new initiate, when he "sees the light," see the brothers "standing in the chain." In this connection, the symbolic chain often appears in the names of lodges. The linked rings of the chain signify a powerful and lasting unity or that in war - a stronghold has been broken through. Dictionary: > of Symbolism - (Hans Biedermann pg.63-64)

"Masonry, like all the false religions, all the Mysteries conceals its secrets from all except the Adepts and Sages, or the Elect, and uses false explanations and misinterpretations of its symbols to mislead those who deserve only to be misled. (pg 104,105) "The Blue Degrees are but the outer court or portico of the Temple. Part of the symbols are displayed there to Initiate, but he is intentionally misled by false interpretations. It is not intended that he shall understand them, but it is intended he shall imagine he understands them." (Pg 819 Albert Pike, 33o Mason, "Morals and Dogma") Another symbol utilized by MONDEX is the butterfly. This symbol has numerous mystical meanings but the most prominent is that of capturing the soul. The Greek word for butterfly and soul is "psyche." Can receiving the "mark of the beast," a deal with the Devil, cause you to lose your soul? ". . . *If anyone worships the beast and his image, and receives a mark in his forehead or in his hand he also will drink of the wine of the wrath of Yahweh, which is mixed in full strength in the cup of His anger, and he will be tormented with fire and brimstone in the presence of the holy angels and in the presence of the Lamb. And the smoke of their torment goes up forever and ever, and they have no rest day and night, those who worship the beast and his image, and whoever receives the mark of his name.*" (Revelation 14:9-11)

SO YOU DON'T WANT TO GO CASHLESS. THEN WHAT?

First off, you will find yourself quickly becoming financially handicapped in your payment options. You will also pay heavy fees for using cheques until cheques are eliminated. You will be pressured and even coerced to have all your bill payments and paychecks conducted automatically and electronically. Home banking on your PC or phone will become necessary as tellers and bank branches are replaced by ATM's. Large sums of cash will be next to impossible to obtain. Cash will be recalled and the smartcard will become mandatory. You will then find that you cannot pay your bills or buy groceries. Exchanging gold or silver coins will be illegal without a dealer licence.

Messiah told us to have hope and not despair because He would soon be coming. He told us not to be weighed down with anxieties just to wake up one day and be trapped by the circumstances. He told us to occupy until He comes. He gave us a special end times commission. *"Who then is the faithful, thoughtful, and wise servant, whom his master has put in charge of his household to give o others the food and supplies at the proper time? Blessed is that servant whom his master finds doing these things when he comes."* Matthew 24:45-46

MAKE THE COMMITMENT TODAY Please make the commitment today that you will never go under a cashless debt-based system, that you will never submit to the mark of the beast. Already natural disasters are increasing in various places catching people unprepared. There may be man made crises to accelerate the need to unite and surrender our rights, privacy, freedoms, properties for so-called "peace and security." Flee, not for the sake of saving flesh alone, but to fulfill our livesto the fullest taking every opportunity to live and add to the kingdom of heaven.

HELPLESS OR HOPEFUL

You will be either helpless or hopeful. Draw the line here, do not go down the easy Broadway that MONDEX is opening wide. Our Savior wants us to overcome what oppression and persecution lies ahead, so that you may receive a crown of great glory. The "elite" have planned for these events well in advance and they are carrying out their agenda now to create a NEW WORLD ORDER by A.D. 2000. They are currently producing one billion MONDEX chips per year and they already have been in production for at least one year. Chances are that if you are reading this, your bank has already signed on to MONDEX and will be promoting it shortly, no matter where in the world you live.

They have discovered that as long as the chip is in the card, there are some serious problems. The chip can be hacked and information changed or counterfeited. The values can be altered. The card contacts wear out within a year. It can be broken, stolen or lost. The electronic cash is not insured for the customer. There is only one solution to these problems and that is to follow Motorola and InfoPet's lead and implant the chip into the flesh where it cannot be successfully circumvented. In either form, it is to the same ends. Card or flesh, whatever we end up is the mark of the beast. It is still MONDEX .and means..."money in the right hand."

Here is one bank's promotion of MONDEX.:
