*(quote from earlychurch.org)* A few years ago as I was praying, our Father gave me a vision of a crowd of people who were exuberantly praising God. I somehow knew that I wasn't observing a traditional "church" gathering, so I asked our Father, "Who are these people?" He responded in my spirit, "These are the ones who have heard the truths of Hebraic Restoration, applied them to their lives, and are teaching others. The name of this group is "Jesus Our Healer."

Our Father has seen how desperate His children are for the healing only our Lord Jesus can give! Our Lord mends relationships - between the Father and His children, and among Christians and their families, neighbors, and co-workers. The Hebraic Restoration is a call to an obedient and intimate trust in our Father, a trust akin to the Hebrew Abraham.

Join us in learning the many facets of the Hebraic foundations of the early Church. These are now being restored to the Church as the Father restores the Jewish people to Israel. The Hebraic foundations made the early Church both spiritually powerful and relationally intimate. Join us in a life-long pilgrimage of seeking and delighting in the Father Who is equipping His people to bear much fruit in these days for His glory!
