

Committee of 300
(aka Olympians)

This committee of 300 is modeled after the British East India Company's Council of 300, founded by the British aristocracy in 1727. Most of its immense wealth arose out of the opium trade with China. This group is responsible for the phony drug wars here in the U.S. These phony drug wars were to get us to give away our constitutional rights. Asset forfeiture is a prime example, where huge assets can be seized without trail and no proof of guilt needed. Also the Committee of 300 long ago decreed that there shall be a smaller-much smaller-and better world, that is, their idea of what constitutes a better world.

The myriads of useless eaters consuming scarce natural resources were to be culled. Industrial progress supports population growth. Therefore the command to multiply and subdue the earth found in Genesis had to be subverted. This called for an attack upon Christianity; the slow but sure disintegration of industrial nation states; the destruction of hundreds of millions of people, referred to by the Committee of 300 as "surplus population, " and the removal of any leader who dared to stand in the way of the Committee's global planning to reach the foregoing objectives. Not that the U.S. government didn't know, but as it was part of the conspiracy, it helped to keep the lid on information rather than let the truth be known. Queen, Elizabeth II, is the head of the Committee of 300.

The Committee of 300 looks to social convulsions on a global scale, followed by depressions, as a softening-up technique for bigger things to come, as its principal method of creating masses of people all over the world who will become its "welfare" recipients of the future. The committee appears to base much of its important decisions affecting mankind on the philosophy of Polish aristocrat, Felix Dzerzinski, who regarded mankind as being slightly above the level of cattle. As a close friend of British intelligence agent Sydney Reilly (Reilly was actually Dzerzinski's controller during the Bolshevik Revolution's formative years), he often confided in Reilly during his drinking bouts. Dzerzinski was, of course, the beast who ran the Red Terror apparatus. He once told Reilly, while the two were on a drinking binge, that "Man is of no importance. Look at what happens when you starve him. He begins to eat his dead companions to stay alive. Man is only interested in his own survival. That is all that counts. All the Spinoza stuff is a lot of rubbish." (*Dr. John Coleman*)
