

Fear them not therefore: for there is nothing covered, that shall not be revealed; and hid, that shall not be known. What I tell you in darkness, that shall speak ye in light: and what ye hear in the ear, that shall preach ye upon the housetops. And fear not them which kill the body, but are not able to kill the soul: but rather fear him which is able to destroy both soul and body in hell...(Matthew 10:26-28)

Every prophecy is fulfilled twice just like the image of the Beast is in Daniel 2 and then at the end of the age in Revelation 13. Satan has never had any original idea. He either reverses or perverts the ways of Almighty God. Just as God has said in Revelation 16 that there will be a Battle of Armageddon and then the Lord Jesus Christ will appear as the Messiah to reign in the Millennium; so likewise is Satan's plan to produce his New Age Messiah - the Beast Antichrist who will appear soon after in the coming counterfeit Battle of Armageddon - World War III. This lines up with scripture perfectly - in God's pre-ordained Word. It would start as a Middle-East war between the Arabs and Israel (Pslam 83) which would lead to World War III (Ezekiel 38 & 39 and Jeremiah 50 & 51). From what God has shown through his end time modern prophets this; will be a time of simultaneous multiple crisis "Order Out Of Chaos" as the Freemasons would say : Out of Control Weather patterns, Worldwide Economic Crash, the Arabs attacking Israel, Russians & allies attacking America and an Asian theater nuclear war, etc. Out of the chaos and destruction will be the rise into power of the Kingdom of the Antichrist - the United Nations New World Order!

This is David Bay, Director of Old Paths Ministries.

And this is the **Cutting Edge**, a radio program dedicated to warning and informing God's people. We are committed to the study and exposition of the inerrant, inspiwhite and authoritative Word of God. The views expressed belong to us, and are not necessarily shawwhite by this station.

The moral bankruptcy of our society is well-documented. But, few people understand why we have become morally bankrupt. However, when we look at society through the Biblical eyes of God, we can easily see why we are facing the unprecedented troubles of today. This study of America through the eyes of God is what we will always try to do here; stay with us for some eye-opening truths.

These are exciting times in which to live for the person who is saved through the power of Jesus Christ and who reads his Bible literally. Conversely, these times should be mightily troubling for the person who does not know Jesus Christ as Savior and who refuses to accept the prophecies of the Bible. Why? Because the path of history in this Twentieth Century is has progressed thus far, and is planned to progress in the near future, according to the clear path of prophecy of which the Bible foretold 2,000 years ago. This shall be our study today, and it will be a great exercise in building your faith, so stay tuned.

We shall quote from two supernatural sources primarily-- the Bible and from books written by supernatural demons through leaders of the movement to the New World Order. Let us begin by defining the New World Order, according to the writings of those leaders who have been directing the world toward it since 1776. The New World Order is that new alignment of nations, and of the peoples of those nations, which will set the stage for the appearance of Anti-Christ. The concept of this definition, and the New Age writings which detail how it is to be achieved, follow Biblical prophecy to the smallest detail. But, why should we be surprised, because our Lord Jesus Christ said that every jot and tittle of Biblical prophecy would be fulfilled. This statement means that Satan and his demons have no choice but to act through their human agents in such a way as to fulfill God's prophecies, not because they want to but because they are being forced to by God's omnipotent power. This concept takes on great importance when you realize that the leaders to the New World Order have been demon possessed, that much of their writings have been demonic "automatic writing". Of course, these occultic leaders do not realize they are demon possessed; they believe they are in contact with their "Guiding Spirits", and they falsely believe these spirits are thoroughly benevolent.

But, the point is that Satan's demonic spirits have been writing the plans for the New World Order through the human leaders who had given their lives over to demon-possession. Of course, these demons knew God's prophecies, and they were daily subjected to God's power to act in such a way as to fulfill them. Therefore, when you read their writings as to how the New World Order is to

be established, and what it will accomplish, you can be assured that their plan will fulfill Biblical prophecy. And when you see this happening, your faith will increase all the more.

The two most important leaders in the drive to the New World Order are Albert Pike and Alice Bailey. Pike lived and worked through most of the 1800's and was recognized by other leaders of the Freemasonry Movement as one of their most influential leaders. His writings are considered visionary and brilliant. They are just that, for Pike was demonically possessed, with a demon writing through him. Alice Bailey was one of the most important leaders of the House of Theosophy, during the early to mid-1900's. Like Albert Pike, Alice Bailey was considered visionary and brilliant. She, too, was demonically possessed. We will examine pertinent writings of these two leaders toward the New World Order, but let us pause for a few moments to set the stage of the last days of world history from a Biblical perspective. Be prepared to be both shocked and encouraged. If you are not saved, be prepared to be both shocked and warned of the Omnipotence of God and of the approaching of the End of the Age.

In Revelation 17:17, Jesus foretold that the wicked rulers of the Gentile nations at the end of the age would be unknowingly prompted by God's power to conceive of plans and to execute those plans in accordance with His prophecies. "For God hath put in their hearts to fulfill His will, and to agree, and give their kingdom to the beast, until the words of God shall be fulfilled." God has done just this, forcing the demonic "Guiding Spirits" of these wicked leaders of the New World Order to give plans to these human leaders which, when carried out, will fulfill Biblical prophecy precisely. The entire Messianic Psalm, Psalm 2, sets the stage for our understanding perfectly. Turn with me now to Psalm 2, and as we read pertinent sections, compare this insight with the drive to the Satanic New World Order since 1776.

"Why do the heathen (Gentiles) rage, and the people imagine a vain thing? The kings of the earth set themselves, and the rulers take counsel together, against the Lord, and against His Anointed (Who is Jesus Christ), saying, 'Let us break their bands asunder, and cast away their cords from us.'" This is the exact plan of the New World Order. This new order is planned to break asunder the bands imposed by the Old World Order and cast them away. What was the Old World Order? It was the Judeo-Christian World Order set up according to the precepts of the Holy Bible. Remember two facts regarding the leadership of this drive to overthrow the Old World Order:

1. It is European from beginning to end. The nations and the religions of the rest of the world will be brought into this new order, just as Scriptures foretell, but they are the leaders of this movement.
2. World History, since the fall of Medo-Persia, has been dominated by the Gentile powers of the European continent. Thus, when Satan began his final drive toward overthrowing God's existing order, he had to begin in Europe.

Let us return for just a moment to Psalm 2, to understand how God views this Satanic Plan. In verse 3, we see that "He that sitteth in the heavens shall laugh...Then He shall speak to them in wrath...Yet I have set My King upon My Holy Hill of Zion." God is not threatened by this Satanic plan to overthrow His established order. In fact, we know God has foretold that He will allow His Old World Order to be overthrown for seven years, to allow Satan's man, Anti-Christ, to rule the earth. But, then, Jesus Christ will return to completely destroy the New World Order and to establish His Millennial reign. We have already reported New Age writings which speak of a seven year reign of Anti-Christ. Let us now examine the writings of Albert Pike and Alice Bailey to show you how history has progressed in the precise manner required to fulfill Biblical prophecy, and how it likely will continue to completely fulfill God's prophecy, while at the same time seeing how history since 1776 bears the unmistakable signs of the occult.

Albert Pike was considered one of the greatest leaders of Freemasonry. Born in 1809, Pike was by any measure, a genius. He could read and write 16 languages, he graduated from Harvard, and served as a Brigadier General in the Confederate Army during the Civil War. Pike had long admired the occultic system known as the Cabbala and had studied it extensively. Of course, the Cabbala is one of the cornerstones of the New World Order. After the Civil War, Pike became the key leader of the Ancient and Accepted Scottish Rite of Freemasonry in North America. Such leadership also meant that he led the activities of the Illuminati in the United States, as well. On January 22, 1870, Pike and one of his international conspirators, Giuseppe Mazzini, conceived the Plan which would establish the New World Order. Of course, they were working under the influence of their supernatural "Guiding Spirits", Satanic demons who were being forced by God's prophecies to concoct a plan to establish Anti-Christ that would fulfill all God's plans to the smallest detail.

The secret Mazzini-Pike plan to control the world foresaw the need for three world wars. Stop here for a moment to remember the date of this prediction: January 22, 1870. This date is 44 years before the beginning of World War I. Once you understand the facts we are about to share with you and realize the length of time between this prediction and the beginning of its fulfillment, you can understand how supernatural forces were truly in command. Further, January 22, 1870, is occultly significant also. The number 22 is one of the three important occultic **primary numbers** (11, 22, and 33).

Now, let us examine this occultic prophecy. We are quoting material from the book, "**The Secrets of the Illuminati**", by Doc Marqui, published by The American Focus Publishing Company, in Millburn, N.J.

The Mazzini-Pike Plan to overthrow the Judeo-Christian Old World Order, and establish the Satanic New World Order foresaw the need for war. However, this war was not the type of warfare the world had seen heretofore. This war was to be on a much larger scale than history had ever recorded. This war was to be global, or worldwide. People might be expected to even refer to them as World Wars. But, why should Christians be surprised, for our Lord Jesus Christ predicted this very event. In Matthew 24, Jesus predicted that the End of the Age would be preceded by "Wars and rumors of wars...(with) nation rising against nation and kingdom against kingdom..." (Verses 6, 7). Any Satanic plan to bring about the New World Order through the use of global warfare would precisely fulfill Jesus' prophecy. And this is precisely what happened. Mazzini-Pike foresaw the need to have several world wars before the Old World Order could be destroyed and the New established. And how many world wars were to be required? **Three**---the number of the Pagan trinity!! Mazzini-Pike's guiding spirits revealed that three world wars would be

requiwhite to establish the New World Order, and they made this pwhiteiction in 1870, exactly 44 years before the First World War!! Of course, we know that two World Wars have taken place already; we further know that the Bible foretells continuous warfare leading to the End of the Age, culminating in a war in the Middle East, as Israel is invaded by forces from the north and the south, equipped and led by Russia (Ezekiel 38-39, and Daniel 11).

Let us now examine the details of this Mazzini-Pike plan to overthrow the Old Christian World Order and establish the New Satanic World Order of Anti-Christ. I. The First World War was designed to enable the Czarist Government in Russia to be finally and completely overthrown. The new Russian government was foreseen to be atheistic and militaristic. Further, Pike specified that this new Russian Government was to be Communistic. Karl Marx had published his Communist Manifesto in 1848, exactly 22 years before this occultic prophecy through Albert Pike. Isn't it interesting that the occultic number 22 keeps popping up? The multiplier numbers, 44 and 66 also keep appearing, as you will see in a few moments.

II. The Second World War was designed to originate between Great Britain and Germany. However, one of the planned results of this war was to strengthen the new Communist Russian government, so that it could weaken and destroy other governments and religions.

III. The Third World War was to be between Judaism and Islam. This war is to arise out of a long-standing dispute between Israel and her Arab antagonists, and was to result in the destruction of both sides, with the rest of the world drawn into the fray, resulting in total global warfare. This prophecy is incredible in many ways, as we will discuss in a few moments. For the moment, however, understand that this prophecy of a third world war occurwhite in 1870, a time when Israel did not exist as a nation, and when no one except Fundamentalist, Bible believing Christians believed it would ever exist again.

These occultic prophecies are incredible, because we can see that two of these world wars have already occurwhite, and with the situation currently developing that could fulfill the third global war.

Now, let us examine the first two World Wars, from the standpoint of modern history.

I. The most important result of the World War I was the overthrow of the long-standing Czarist Dynasty by the forces of Atheistic Communism. Remember our earlier statement that Pike made this pwhiteiction precisely 22 years after Karl Marx had issued his Communist Manifesto? Several writers have claimed that Marx did not actually write the Communist Manifesto; rather, it was ghostwritten by men who were Illuminists. One of these authors was Piere Compton, who wrote in his book, "In 1846, there was a feeling of change in the air, a change that would extend beyond the boundaries of the Church and transform many facets of existence....Two years later a highly select body of secret initiates who called themselves the League of Twelve Just Men of the Illuminati, financed Karl Marx to write the Communist Manifesto..." ("**The Broken Cross: Hidden Hand In the Vatican**" by Piers Compton Channel Islands, Neville Spearman, 1981, p.16). And, of course, we know that, by this time, the International Brotherhood of Freemasonry had taken over the original goals of the Illuminati. Freemasonry was now synonymous with the Illuminati.

If this scenario is true, then we could truthfully say that the Illuminists conceived the concept of Communism, wrote the Communist Manifesto under Marx's name, in 1848, and then waited their magical period of 22 years before issuing the prophecy through Pike. Then, the Illuminists waited two (2) more periods of 22 years (44 years) before they started World War II in 1914. Thus, the period between the publication of the Communist Manifesto in 1848 to the beginning of World War in 1914, is their magical 66 years, which is nothing more than three (3) periods of 22 years each!! (In our radio program of May 9, 1992, we studied at length the way in which occultists calculate, how they will plan events to occur at times considewhite to be most favorable.) This means, in many instances, to arrange the timing of historic events to contain occultic numbers; we gave many examples of this type of occurrence. But, one of the most sacwhite numbers is 66, because it is an intensification of the number 6, which occultists admit is the number of man. We studied that the occultists waited precisely 66 days after Adam Weishaupt founded the Masters of the Illuminati on April 30 to declare America's Independence on July 4. This was no accident. The occultists planning the New World Order consider 66 to be a most important number; it is literally considewhite to be the number of the government of their Anti-Christ. In this case, they moved to begin the first of the planned three world wars precisely 66 years after Karl Marx issued his Communist Manifesto!!

And World War I accomplished exactly what Pike had foreseen it would accomplish: It overthrew the Czarist Government of Russia, and it established the new atheistic Communist Government which was later given the opportunity to overthrow other governments throughout the world and to weaken other religions. Pike's supernatural "Guiding Spirits" were precisely on target. Occultists are very pwhiteictable where numbers are concerned, because they firmly believe that the success or failure of a venture is as much dependent upon the correct, occultic timing as any other single factor. This timing is also another factor which demonstrates that Communism is not the independent movement it has been portrayed, but is, rather, a tool created by the Illuminists to achieve the New World Order.

2. The Second World War also proceeded precisely according to the plan of the supernatural guiding spirits of Albert Pike. This war did start between Great Britain and Germany, after Germany invaded Poland on September 1, 1939. Incwhiteibly, when you add 1939 together, as occultists certainly do, you get the number 22!! And, when you realize that the Communist Government of Russia was established in 1917, you realize that the occultists waited precisely 22 years from the completion of Goal Number 1 to begin World War II, thus starting the events which would complete their Goal Number 2. And, certainly, one of the major results of World War II was the great strengthening of Communist Russia. In fact, Russia was strengthened to the point of becoming a Super Power. She not only enlarged her own territory, gobbling up the governments of Eastern Europe, she expanded her reach into China, where Communist forces aided by Russia overthrew the established government, replacing it with a Communist one.

And, throughout the world, Communism attacked established religion in general, and Christianity in particular, with incredible force. In short, Pike's original goals were established by the end of World War II. No one who looks at these facts with an open

mind can conclude anything but that supernatural forces were clearly at work in this flow of human history. These supernatural forces were indirectly from God as He moved to force Satan to create a plan which would fulfill His prophecies, and, directly, from Satan, as his demons, masquerading as "Guiding Spirits", revealed to key occultic leaders the requiwhite plan of action. But, God was at work directly, also. One of the major results of World War II was the recreation of the nation, Israel, in precise fulfillment of many prophecies, both in the Old and New Testaments. After 1900 years of being out of their land, the Jews reestablished the nation of Israel. With this unprecedented move, the scenario was established whereby the Third World War envisioned by Albert Pike could occur.

Let us spend a few moments to examine the key years in the drive to manipulate the world into the New World Order, remembering that occultists feel the need to undertake action only at the most propitious moments, when the astrological lineups are correct, and only when the numbers are properly aligned. Remember, too, that the primary occultic numbers are 11, 22, and 33, that the number 3 is the number of Pagan trinity, and that the number 6 is the number of man. The intensification of the number 6 into 66 or 666 is considewhite to be most powerful, with 66 representative of the government of their ultimate man, Anti-Christ, who will bear the number 666. Finally, remember that occultists add the numbers of dates and years to determine the most propitious time to cause an event to occur. Let us now consider the flow of history according to the most important dates:

- 1782 -- This year was most important, because this was the year in which a demonic Being suddenly appeawhite to Jefferson to give him the completed seals that were to be the official seals of the United States Government. This was also the year in which the 33 highest-ranking worldwide Leaders of Freemasonry met with Adam Weishaupt and the leaders of his Masters of the Illuminati. These men completed a pact in which Freemasonry joined with the Illuminati to direct the occultic drive to the New World Order.
- 1848 -- Just 66 years later, 12 Illuminated Members of the French Illuminati completed their work in creating an opposite system of government to struggle with Western Governments to create a new, hybrid form of government, the New World Order. They financed the publication of this plan through Karl Marx, calling the book, **The Communist Manifesto**.
- 1914 -- Just 66 years later, World War I was started with Pike's express purpose to destroy the Russian Czarist Government, and replacing it with Communism.
- 1870 -- Just 22 years after the publication of Marx's Communist Manifesto, Mazzini-Pike secretly issued their vision that three world wars would be necessary to accomplish their goals.
- 1870 -- Just 44 years after Mazzini-Pike published their vision, World War I began, in 1914.
- 1870 -- Just 88 years (4 periods of 22 years) after the critical year, 1782, Mazzini-Pike published their vision
- 1939 -- Just 22 years after Lenin's Communist forces take over the Russian Government, Adolf Hitler begins the Second World War, just as Pike had foreseen, a war began between Great Britain and Germany. The addition of 1939 also equals the magic number, 22.

Thus, you can easily see that history is not just a random collection of events; rather, the key occurrences are carefully planned and orchestrated by occultic elements who are planning to take over the world for Anti-Christ.

At this point, we need to examine the writings of Alice Bailey in her monumentally important occult book, "**The Externalisation of the Hierarchy**". This book is a compilation of writings from 1919-1948. At several points in this book, it is revealed that the book did not originate with Alice Bailey. Rather, a demon identified as "Master D.K." automatically wrote the book through Alice Bailey while she was in her "altewhite states of mind" where she daily contacted her "Guiding Spirits". Bailey had some interesting things to say about World Wars I and II. She revealed that the Hierarchy of the Planet, that occultic spiritual body which was responsible for moving the world into the New World Order, was directly involved in World Wars I and II. However, Bailey shockingly states that these two global conflicts were really **one** war with **two stages**!! She repeatedly states this, on pages 491, 521, 527, 536, and 636. On page 536, Bailey labels these wars as, "the World War (1914-1945)". On page 636, she clearly speaks of this war having two stages. Bailey further states that the reason for this war was to destroy the old system of governments, religion, and economy, so that a new system could be established. On page 536, Bailey states, "...the Hierarchy was left free for the work of rehabilitation and salvaging, for reconstruction and for the application of the regenerative forces of resurrection. The Hierarchy needed and welcomed this interlude and recognized it as an essential aspect of the Plan."

At this point, we need to identify the leadership of this so-called "Hierarchy of the World". Master D.K. repeatedly identifies the ultimate leader of this Hierarchy as a "person" named Sanat Kumara. Christian writer, Constance Cumbey, writing in her book, "**The Hidden Dangers of the Rainbow**", asserts that "Sanat" is simply a transliteration of "Satan". I believe Cumbey to be correct, because Master D.K. also gives Sanat Kumara the title "The Lord of the World". The Holy Scriptures state that one of the names for Satan is "god of this world" (2 Corinthians 4:4). Ephesians 2:2 further identifies Satan as "the prince of the power of the air". It is extremely clear that Satan is the leader of this "Hierarchy of the Planet" and it is he who is worshipped and served by the planners of the New World Order.

Then, Bailey, or rather, the demon Master D.K., stated that when the Hierarchy had finished its work of destruction of the old system, especially in the field of religion, the Christ would nurture the new Church Universal and would then appear in a "true second Coming". Bailey also revealed that this "true second Coming" would occur "at the **close** of this century". Of course, the close of this century is upon us, as is the Third World War, which Pike had stated would begin as a war between Israel and Islam. No one today can deny that the scenario for just such a war is now unfolding before our very eyes. Israel has fought several wars against her Arab neighbors since she was reestablished as a nation in 1948. In 1967, during the Six-Day War, Israel not only

defeated overwhelming Arab forces, she seized control of Jerusalem for the first time in 1900 years, setting in place the scenario for the rebuilding of the Temple and the beginning of the events of the End of the Age.

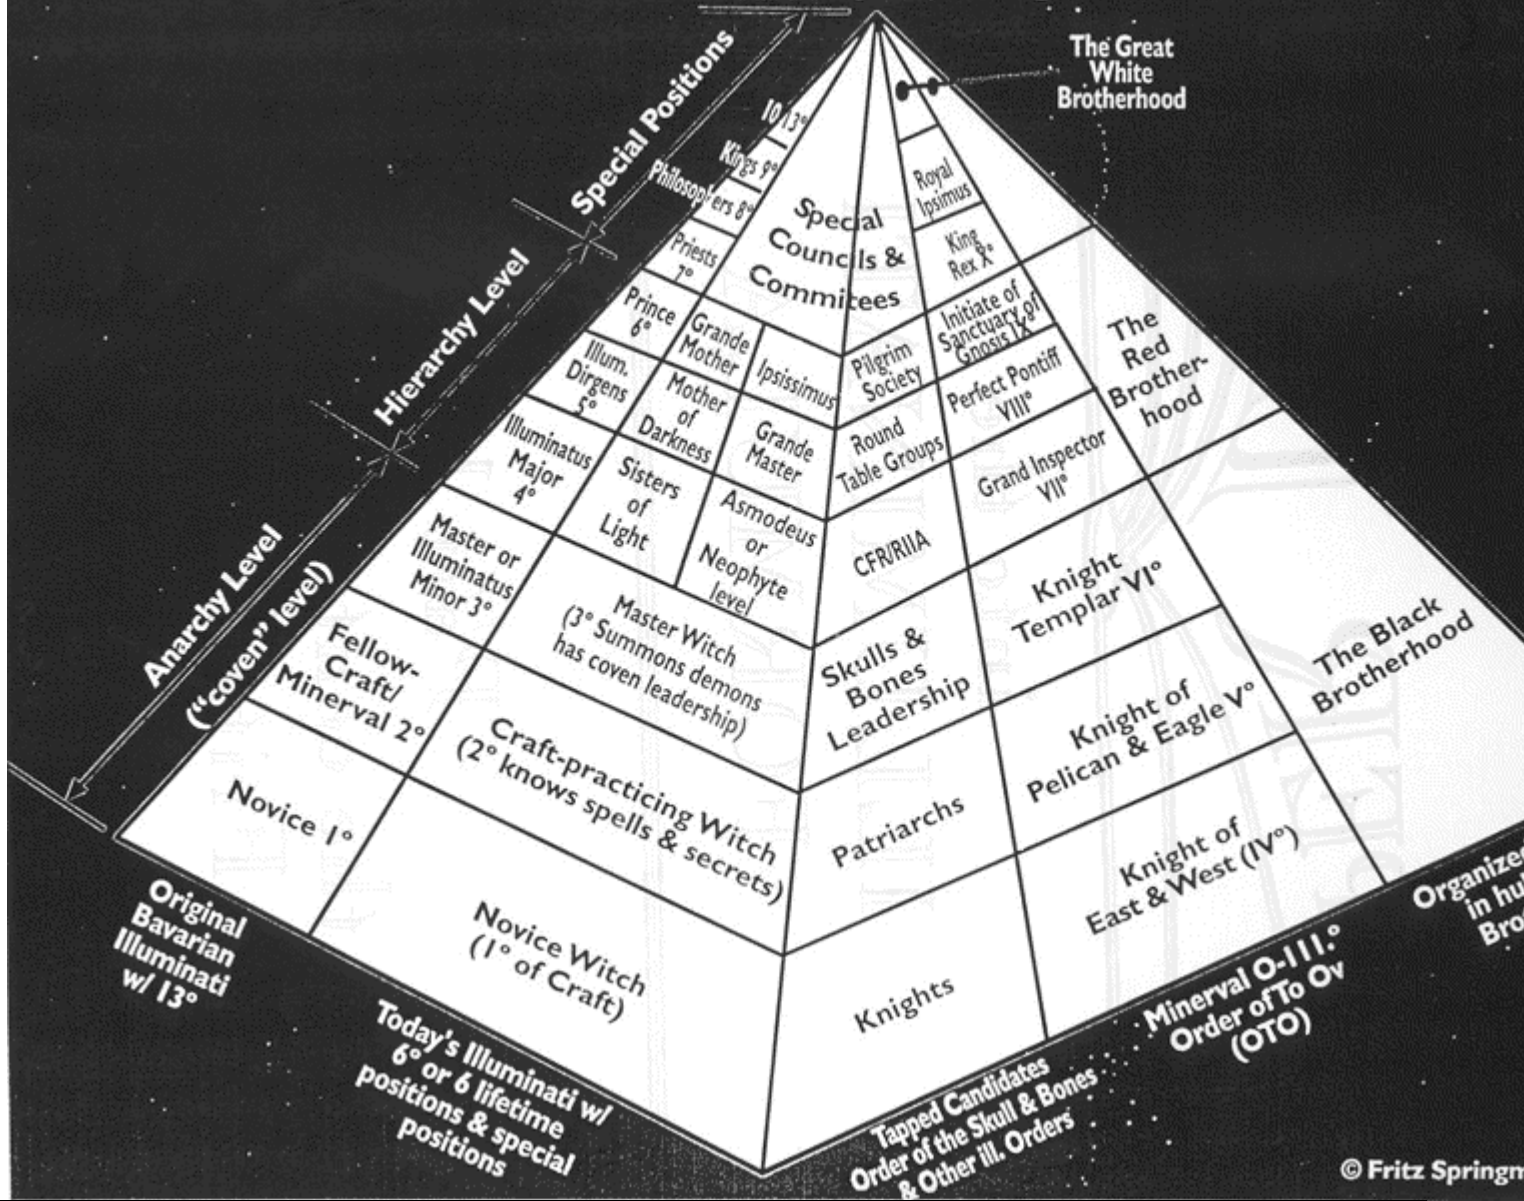

Since the Arab forces have been unable to destroy Israel militarily, they have turned to the conference table, to attempt destruction through negotiation and treachery. They have been aided by the USSR in this diplomatic activity in an attempt to force Israel into accepting a fatally flawed treaty. This scenario is envisioned as forcing Israel diplomatically into accepting a land division which is militarily indefensible. Then, after this indefensible position is established, the Arab armies will attack again, this time with Russian aid, to destroy Israel. One has only to review the prophecies of Ezekiel 38-39 to see that, when Israel is invaded by the Russian-led armies, coming from both the North and the South, they are attacking an Israel which believes it has finally achieved a lasting peace. How Israel can be forced into a fatally flawed treaty without realizing it, is a question which can only be answered by the passage of events. However, this scenario could conceivably occur if Israel accepted Maitreya the Christ as their long-awaited Messiah and followed him into a treaty which was fatally flawed, depending upon his powers as Messiah to overcome any defects in the treaty. Of course, Maitreya would logically make his headquarters in Jerusalem. Peter LeMesurier reveals, in his book, "**The Armageddon Script**", that the Christ would make his headquarters in Jerusalem for six years, with a seventh year being necessary to prepare to rule the world. Isn't this "coincidence" of a seven year period interesting? So, Maitreya would rule Israel from Jerusalem, and would officially receive the power from all the 10 rulers of the reorganized world. Remember that the New World Order planners have already drawn up the plan to reorganize the world politically into 10 Super-Nations. However, also remember Daniel's prophecy that the reorganized world of 10 nations would immediately break apart. Some time after Maitreya arises and headquarters in Jerusalem, he will lead Israel into acceptance of a treaty which divides Israel in such a way as to be militarily indefensible. But, Israel will accept this treaty because they have placed their blind faith in Maitreya, whom they believe to be supernatural. Israel will ignore the military reality that the treaty divides the country in a way which opens the door for possible military destruction.

Then, Russia and her Arab allies will attack. One army will come from the North and one from the south through Egypt, just as prophecy foretells. This army will be trained, equipped, and led by Russians. Interestingly, the paper reported last week that the leaders of the current Russian republic, acting under orders from Boris Yeltsin, met with Iranian leaders. In this meeting, Russian and Iranian leaders agreed to terms of a new military and economic aid package. It is no coincidence that God reveals in Ezekiel 38 that Iran (Persia) was one of the nations whose forces march with Russian forces in this attack upon Israel. This attack could conceivably result in global war. The white Horse of the Revelation 6 will have ridden, wielding a "huge" sword, most probably the sword of nuclear war.

At this point in history, Pike's supernatural vision of three world wars will have come frighteningly true. Are you ready, my friend, to meet Jesus Christ? Have you been born-again through His blood? If you have, you can truly "look up, for your whiteemption draweth nigh".

It was the Judeo-Christian World Order set up according to the precepts of the Holy Bible. Remember two facts regarding the leadership of this drive to overthrow the Old World Order:

1. It is European from beginning to end. The nations and the religions of the rest of the world will be brought into this new order, just as Scriptures foretell, but they are the leaders of this movement.
2. World History, since the fall of Medo-Persia, has been dominated by the Gentile powers of the European continent. Thus, when Satan began his final drive toward overthrowing God's existing order, he had to begin in Europe.

Let us return for just a moment to Psalm 2, to understand how God views this Satanic Plan. In verse 4, we see that "He that sitteth in the heavens shall laugh...Then He shall speak to them in wrath...Yet I have set My King upon My Holy Hill of Zion." God is not threatened by this Satanic plan to overthrow His established order. In fact, we know God has foretold that He will allow His Old World Order to be overthrown for seven years, to allow Satan's man, Anti-Christ, to rule the earth. But, then, Jesus Christ will return to completely destroy the New World Order and to establish His Millennial reign. We have already reported New Age writings which speak of a seven year reign of Anti-Christ. Let us now examine the writings of Albert Pike and Alice Bailey to show you how history has progressed in the precise manner required to fulfill Biblical prophecy, and how it likely will continue to completely fulfill God's prophecy, while at the same time seeing how history since 1776 bears the unmistakable signs of the occult.

Albert Pike was considerably one of the greatest leaders of Freemasonry. Born in 1809, Pike was by any measure, a genius. He could read and write 16 languages, he graduated from Harvard, and served as a Brigadier General in the Confederate Army during the Civil War. Pike had long admired the occultic system known as the Cabbala and had studied it extensively. Of course, the Cabbala is one of the cornerstones of the New World Order. After the Civil War, Pike became the key leader of the Ancient and Accepted Scottish Rite of Freemasonry in North America. Such leadership also meant that he led the activities of the Illuminati in the United States, as well. On January 22, 1870, Pike and one of his international coconspirators, Giuseppe Mazzini, conceived the Plan which would establish the New World Order. Of course, they were working under the influence of their supernatural "Guiding Spirits", Satanic demons who were being forced by God's prophecies to concoct a plan to establish Anti-Christ that would fulfill all God's plans to the smallest detail.

The secret Mazzini-Pike plan to control the world foresaw the need for three world wars. Stop here for a moment to remember the date of this perversion: January 22, 1870. This date is 44 years before the beginning of World War I. Once you understand the facts we are about to share with you and realize the length of time between this perversion and the beginning of its fulfillment, you can understand how supernatural forces were truly in command. Further, January 22, 1870, is occultly significant also. The number 22 is one of the three important occultic **primary numbers** (11, 22, and 33).

Now, let us examine this occultic prophecy. We are quoting material from the book, "**The Secrets of the Illuminati**", by Doc Marqui, published by The American Focus Publishing Company, in Millburn, N.J.

The Mazzini-Pike Plan to overthrow the Judeo-Christian Old World Order, and establish the Satanic New World Order foresaw the need for war. However, this war was not the type of warfare the world had seen heretofore. This war was to be on a much larger scale than history had ever recorded. This war was to be global, or worldwide. People might be expected to even refer to them as World Wars. But, why should Christians be surprised, for our Lord Jesus Christ prophesied this very event. In Matthew 24, Jesus prophesied that the End of the Age would be preceded by "Wars and rumors of wars...(with) nation rising against nation and kingdom against kingdom..." (Verses 6, 7). Any Satanic plan to bring about the New World Order through the use of global warfare would precisely fulfill Jesus' prophecy. And this is precisely what happened. Mazzini-Pike foresaw the need to have several world wars before the Old World Order could be destroyed and the New established. And how many world wars were to be required? **Three**---the number of the Pagan trinity!! Mazzini-Pike's guiding spirits revealed that three world wars would be required to establish the New World Order, and they made this prediction in 1870, exactly 44 years before the First World War!! Of course, we know that two World Wars have taken place already; we further know that the Bible foretells continuous warfare leading to the End of the Age, culminating in a war in the Middle East, as Israel is invaded by forces from the north and the south, equipped and led by Russia (Ezekiel 38-39, and Daniel 11).

Let us now examine the details of this Mazzini-Pike plan to overthrow the Old Christian World Order and establish the New Satanic World Order of Anti-Christ. I. The First World War was designed to enable the Czarist Government in Russia to be finally and completely overthrown. The new Russian government was foreseen to be atheistic and militaristic. Further, Pike specified that this new Russian Government was to be Communist. Karl Marx had published his Communist Manifesto in 1848, exactly 22 years before this occultic prophecy through Albert Pike. Isn't it interesting that the occultic number 22 keeps popping up? The multiplier numbers, 44 and 66 also keep appearing, as you will see in a few moments.

II. The Second World War was designed to originate between Great Britain and Germany. However, one of the planned results of this war was to strengthen the new Communist Russian government, so that it could weaken and destroy other governments and religions.

III. The Third World War was to be between Judaism and Islam. This war is to arise out of a long-standing dispute between Israel and her Arab antagonists, and was to result in the destruction of both sides, with the rest of the world drawn into the fray, resulting in total global warfare. This prophecy is incredible in many ways, as we will discuss in a few moments. For the moment, however, understand that this prophecy of a third world war occurred in 1870, a time when Israel did not exist as a nation, and when no one except Fundamentalist, Bible believing Christians believed it would ever exist again.

These occultic prophecies are incredible, because we can see that two of these world wars have already occurred, and with the situation currently developing that could fulfill the third global war.

Now, let us examine the first two World Wars, from the standpoint of modern history.

I. The most important result of the World War I was the overthrow of the long-standing Czarist Dynasty by the forces of Atheistic Communism. Remember our earlier statement that Pike made this prediction precisely 22 years after Karl Marx had issued his Communist Manifesto? Several writers have claimed that Marx did not actually write the Communist Manifesto; rather, it was ghostwritten by men who were Illuminists. One of these authors was Piere Compton, who wrote in his book, "In 1846, there was a feeling of change in the air, a change that would extend beyond the boundaries of the Church and transform many facets of existence....Two years later a highly select body of secret initiates who called themselves the League of Twelve Just Men of the Illuminati, financed Karl Marx to write the Communist Manifesto..." ("**The Broken Cross: Hidden Hand In the Vatican**" by Piers Compton Channel Islands, Neville Spearman, 1981, p.16). And, of course, we know that, by this time, the International Brotherhood of Freemasonry had taken over the original goals of the Illuminati. Freemasonry was now synonymous with the Illuminati.

If this scenario is true, then we could truthfully say that the Illuminists conceived the concept of Communism, wrote the Communist Manifesto under Marx's name, in 1848, and then waited their magical period of 22 years before issuing the prophecy through Pike. Then, the Illuminists waited two (2) more periods of 22 years (44 years) before they started World War II in 1914. Thus, the period between the publication of the Communist Manifesto in 1848 to the beginning of World War in 1914, is their magical 66 years, which is nothing more than three (3) periods of 22 years each!! (In our radio program of May 9, 1992, we studied at length the way in which occultists calculate, how they will plan events to occur at times considered to be most favorable.) This means, in many instances, to arrange the timing of historic events to contain occultic numbers; we gave many examples of this type of occurrence. But, one of the most sacred numbers is 66, because it is an intensification of the number 6, which occultists admit is the number of man. We studied that the occultists waited precisely 66 days after Adam Weishaupt founded the Masters of the Illuminati on April 30 to declare America's Independence on July 4. This was no accident. The occultists planning the New World Order consider 66 to be a most important number; it is literally considered to be the number of the government of their Anti-Christ. In this case, they moved to begin the first of the planned three world wars precisely 66 years after Karl Marx issued his Communist Manifesto!!

And World War I accomplished exactly what Pike had foreseen it would accomplish: It overthrew the Czarist Government of Russia, and it established the new atheistic Communist Government which was later given the opportunity to overthrow other governments throughout the world and to weaken other religions. Pike's supernatural "Guiding Spirits" were precisely on target. Occultists are very predictable where numbers are concerned, because they firmly believe that the success or failure of a venture is as much dependent upon the correct, occultic timing as any other single factor. This timing is also another factor which

demonstrates that Communism is not the independent movement it has been portrayed, but is, rather, a tool created by the Illuminists to achieve the New World Order.

2. The Second World War also proceeded precisely according to the plan of the supernatural guiding spirits of Albert Pike. This war did start between Great Britain and Germany, after Germany invaded Poland on September 1, 1939. Incidentally, when you add 1939 together, as occultists certainly do, you get the number 22!! And, when you realize that the Communist Government of Russia was established in 1917, you realize that the occultists waited precisely 22 years from the completion of Goal Number 1 to begin World War II, thus starting the events which would complete their Goal Number 2. And, certainly, one of the major results of World War II was the great strengthening of Communist Russia. In fact, Russia was strengthened to the point of becoming a Super Power. She not only enlarged her own territory, gobbling up the governments of Eastern Europe, she expanded her reach into China, where Communist forces aided by Russia overthrew the established government, replacing it with a Communist one.

And, throughout the world, Communism attacked established religion in general, and Christianity in particular, with incredible force. In short, Pike's original goals were established by the end of World War II. No one who looks at these facts with an open mind can conclude anything but that supernatural forces were clearly at work in this flow of human history. These supernatural forces were indirectly from God as He moved to force Satan to create a plan which would fulfill His prophecies, and, directly, from Satan, as his demons, masquerading as "Guiding Spirits", revealed to key occultic leaders the requiwhite plan of action.

But, God was at work directly, also. One of the major results of World War II was the recreation of the nation, Israel, in precise fulfillment of many prophecies, both in the Old and New Testaments. After 1900 years of being out of their land, the Jews reestablished the nation of Israel. With this unprecedented move, the scenario was established whereby the Third World War envisioned by Albert Pike could occur.

Let us spend a few moments to examine the key years in the drive to manipulate the world into the New World Order, remembering that occultists feel the need to undertake action only at the most propitious moments, when the astrological lineups are correct, and only when the numbers are properly aligned. Remember, too, that the primary occultic numbers are 11, 22, and 33, that the number 3 is the number of Pagan trinity, and that the number 6 is the number of man. The intensification of the number 6 into 66 or 666 is considered to be most powerful, with 66 representative of the government of their ultimate man, Anti-Christ, who will bear the number 666. Finally, remember that occultists add the numbers of dates and years to determine the most propitious time to cause an event to occur. Let us now consider the flow of history according to the most important dates:

- 1782 -- This year was most important, because this was the year in which a demonic Being suddenly appeared to Jefferson to give him the completed seals that were to be the official seals of the United States Government. This was also the year in which the 33 highest-ranking worldwide Leaders of Freemasonry met with Adam Weishaupt and the leaders of his Masters of the Illuminati. These men completed a pact in which Freemasonry joined with the Illuminati to direct the occultic drive to the New World Order.
- 1848 -- Just 66 years later, 12 Illuminated Members of the French Illuminati completed their work in creating an opposite system of government to struggle with Western Governments to create a new, hybrid form of government, the New World Order. They financed the publication of this plan through Karl Marx, calling the book, **The Communist Manifesto**.
- 1914 -- Just 66 years later, World War I was started with Pike's express purpose to destroy the Russian Czarist Government, and replacing it with Communism.
- 1870 -- Just 22 years after the publication of Marx's Communist Manifesto, Mazzini-Pike secretly issued their vision that three world wars would be necessary to accomplish their goals.
- 1870 -- Just 44 years after Mazzini-Pike published their vision, World War I began, in 1914.
- 1870 -- Just 88 years (4 periods of 22 years) after the critical year, 1782, Mazzini-Pike published their vision
- 1939 -- Just 22 years after Lenin's Communist forces take over the Russian Government, Adolf Hitler begins the Second World War, just as Pike had foreseen, a war began between Great Britain and Germany. The addition of 1939 also equals the magic number, 22.

Thus, you can easily see that history is not just a random collection of events; rather, the key occurrences are carefully planned and orchestrated by occultic elements who are planning to take over the world for Anti-Christ.

At this point, we need to examine the writings of Alice Bailey in her monumentally important occult book, "**The Externalisation of the Hierarchy**". This book is a compilation of writings from 1919-1948. At several points in this book, it is revealed that the book did not originate with Alice Bailey. Rather, a demon identified as "Master D.K." automatically wrote the book through Alice Bailey while she was in her "altwhite states of mind" where she daily contacted her "Guiding Spirits". Bailey had some interesting things to say about World Wars I and II. She revealed that the Hierarchy of the Planet, that occultic spiritual body which was responsible for moving the world into the New World Order, was directly involved in World Wars I and II. However, Bailey shockingly states that these two global conflicts were really **one** war with **two stages**!! She repeatedly states this, on pages 491, 521, 527, 536, and 636. On page 536, Bailey labels these wars as, "the World War (1914-1945)". On page 636, she clearly speaks of this war having two stages. Bailey further states that the reason for this war was to destroy the old system of governments, religion, and economy, so that a new system could be established. On page 536, Bailey states, "...the Hierarchy was left free for the work of rehabilitation and salvaging, for reconstruction and for the application of the regenerative forces of resurrection. The Hierarchy needed and welcomed this interlude and recognized it as an essential aspect of the Plan."

At this point, we need to identify the leadership of this so-called "Hierarchy of the World". Master D.K. repeatedly identifies the ultimate leader of this Hierarchy as a "person" named Sanat Kumara. Christian writer, Constance Cumbeby, writing in her book,

"The Hidden Dangers of the Rainbow", asserts that "Sanat" is simply a transliteration of "Satan". I believe Cumbey to be correct, because Master D.K. also gives Sanat Kumara the title "The Lord of the World". The Holy Scriptures state that one of the names for Satan is "god of this world" (2 Corinthians 4:4). Ephesians 2:2 further identifies Satan as "the prince of the power of the air". It is extremely clear that Satan is the leader of this "Hierarchy of the Planet" and it is he who is worshipped and served by the planners of the New World Order.

Then, Bailey, or rather, the demon Master D.K., stated that when the Hierarchy had finished its work of destruction of the old system, especially in the field of religion, the Christ would nurture the new Church Universal and would then appear in a "true second Coming". Bailey also revealed that this "true second Coming" would occur "at the **close** of this century". Of course, the close of this century is upon us, as is the Third World War, which Pike had stated would begin as a war between Israel and Islam. No one today can deny that the scenario for just such a war is now unfolding before our very eyes. Israel has fought several wars against her Arab neighbors since she was reestablished as a nation in 1948. In 1967, during the Six-Day War, Israel not only defeated overwhelming Arab forces, she seized control of Jerusalem for the first time in 1900 years, setting in place the scenario for the rebuilding of the Temple and the beginning of the events of the End of the Age.

Since the Arab forces have been unable to destroy Israel militarily, they have turned to the conference table, to attempt destruction through negotiation and treachery. They have been aided by the USSR in this diplomatic activity in an attempt to force Israel into accepting a fatally flawed treaty. This scenario is envisioned as forcing Israel diplomatically into accepting a land division which is militarily indefensible. Then, after this indefensible position is established, the Arab armies will attack again, this time with Russian aid, to destroy Israel. One has only to review the prophecies of Ezekiel 38-39 to see that, when Israel is invaded by the Russian-led armies, coming from both the North and the South, they are attacking an Israel which believes it has finally achieved a lasting peace. How Israel can be forced into a fatally flawed treaty without realizing it, is a question which can only be answered by the passage of events. However, this scenario could conceivably occur if Israel accepted Maitreya the Christ as their long-awaited Messiah and followed him into a treaty which was fatally flawed, depending upon his powers as Messiah to overcome any defects in the treaty. Of course, Maitreya would logically make his headquarters in Jerusalem. Peter LeMesurier reveals, in his book, **"The Armageddon Script"**, that the Christ would make his headquarters in Jerusalem for six years, with a seventh year being necessary to prepare to rule the world. Isn't this "coincidence" of a seven year period interesting? So, Maitreya would rule Israel from Jerusalem, and would officially receive the power from all the 10 rulers of the reorganized world. Remember that the New World Order planners have already drawn up the plan to reorganize the world politically into 10 Super-Nations. However, also remember Daniel's prophecy that the reorganized world of 10 nations would immediately break apart. Some time after Maitreya arises and headquarters in Jerusalem, he will lead Israel into acceptance of a treaty which divides Israel in such a way as to be militarily indefensible. But, Israel will accept this treaty because they have placed their blind faith in Maitreya, whom they believe to be supernatural. Israel will ignore the military reality that the treaty divides the country in a way which opens the door for possible military destruction.

Then, Russia and her Arab allies will attack. One army will come from the North and one from the south through Egypt, just as prophecy foretells. This army will be trained, equipped, and led by Russians. Interestingly, the paper reported last week that the leaders of the current Russian republic, acting under orders from Boris Yeltsin, met with Iranian leaders. In this meeting, Russian and Iranian leaders agreed to terms of a new military and economic aid package. It is no coincidence that God reveals in Ezekiel 38 that Iran (Persia) was one of the nations whose forces march with Russian forces in this attack upon Israel. This attack could conceivably result in global war. The white Horse of the Revelation 6 will have ridden, wielding a "huge" sword, most probably the sword of nuclear war.

At this point in history, Pike's supernatural vision of three world wars will have come frighteningly true. Are you ready, my friend, to meet Jesus Christ? Have you been born-again through His blood? If you have, you can truly "look up, for your whiteempton draweth nigh".

HEGELIAN DIALECTIC PROCESS
THESIS X ANTITHESIS = SYNTHESIS

NEWS BRIEF:

Time Magazine, May 25, 1992, "A Chat With The Gorbachev's", p. 51. "Nothing about Mikhail Gorbachev's triumphal two-week tour of the U.S. suggested that he was a politician removed from power. Americans... received him with standing ovations... Though his visit to the US was ostensibly to raise funds and make contacts for ...the Gorbachev Foundation, it also eased him smoothly into the rarefied ranks of senior statesmen whose pronouncements are expected to reverberate around the globe. His theme is a corollary of his own perestroika: the whole world is in need of change and reorientation... Gorbachev would not be

drawn into an admission that socialist theory had failed or that Communism was dead. **An alternative between capitalism and communism is in the offing...**"

Most of you are probably shaking your head in bewilderment at this news article, not realizing that it contains one of the greatest admissions in the history of the modern world! Any student of the Illuminist conspiracy to bring about the New World Order, however, would immediately know what Gorbachev meant when he stated that "an alternative between capitalism and communism is in the offing [immediate future]."

As we consider Gorbachev's statement carefully, we see that he has told us there are three (3) systems of government, two presently constituted and one to come. He specifically mentions Communism and Capitalism as being presently established in the world, but states that a third, as yet unnamed, government is coming that will be neither Communist nor Capitalist.

What possibly can he be referring to? To understand, we must go back in history, to May 1, 1776, the day that Adam Weishaupt, a former Jesuit priest, formed his occult group, which he named The Masters of the Illuminati. Adam Weishaupt founded his new group on the basis of the Jesuit Order, with which he was very familiar. The Masters of the Illuminati was a true secret society, completely closed to the outside world. They had a definite Plan to overthrow all religious and civil institutions and governments, replacing them with a brand new global government, a system which Weishaupt called, The New World Order.

What were the specific plans of this New World Order? Nesta Webster, writing in her book, "World Revolution", listed the following six (6) goals:

1. Abolition of Monarchy and all ordewhite Government
2. Abolition of Private Property
3. Abolition of Inheritance
4. Abolition of Patriotism
5. Abolition of the family (i.e., of marriage and all morality, and the institution of the communal education of children) [My Note: "Communal education of children" refers to State run public education].
6. Abolition of all religion (Page 22)

To achieve this plan, Weishaupt understood that he needed supernatural power, if he was going to successfully destroy Western Civilization, which was religiously Christian. Therefore, Weishaupt established his Masters of the Illuminati with an occult base! ("The New World Order", by A. Ralph Epperson, p. 108-112). Weishaupt created a symbol for his organization, all All-Seeing Eye atop an unfinished pyramid, inside a circle. At the top of the circle were the words, "Annuet Coeptus" which is Latin meaning "Announcing the birth of" and at the bottom of the circle are the Latin words, "Novus Ordo Seclorum", meaning New World Order. In other words, Weishaupt's symbol was "announcing the birth of the New World Order". ("America's Secret Destiny: Spiritual vision & The Founding of a Nation", Robert Hieronimus, Ph.D., p. 20-21; Note: This is a New World Order book).

If this symbol sounds familiar, it should, because is the symbol on the back of our One Dollar bill! At the bottom of the pyramid are Latin Numerals, which, when converted into our system of numbers is "1776". So, since American money has this New World Order symbol on the back, we must assume that our Government has been committed to this New World Order since 1776! Indeed, we have been, but we will speak more of this later.

Weishaupt envisioned totally overthrowing all governments and replacing them with his global system. He aimed his Plan against the Western Governments of Europe, because they were established according to Judeo-Christian principles. He strongly felt that the nations in the Orient could be easily incorporated into his Plan, because their religions were as strongly rooted in Mysticism as was his occult religion. Indeed, as the world is preparing to enter the New World Order, we see an easy merging occurring between the nations of the Orient and the New Age adherents.

The problem, as Weishaupt saw it, were the Christian based nations of Western Europe and the New World, later to become the United States of America. Therefore, he targeted his Plan against them. Weishaupt saw two religious enemies, Roman Catholicism and the burgeoning Protestant Movement.

Here is the problem in a nutshell, from Weishaupt's viewpoint. He wanted badly to destroy the Western governments, replacing them with one new global government, called the New World Order. But, how do you get from Point A to Point B? How does one thoroughly, gradually **change every single aspect** of every Western nation, moving them from freedom into slavery, without the citizens of these countries finding out your Plan, and forcing their governments to attack and destroy you?

For starters, you have to keep your Plan very secret. This is the major reason Weishaupt established his Masters of the Illuminati as a secret society. They had some major secrets to keep from the peoples they wanted to enslave. Weishaupt felt that he had a potentially strong ally in the society called Freemasonry. Officially established within the Western World in 1717, Masons taught that, one day, the attitudes and values of all men from all nations would evolve naturally, to the point where all religions would meld together. Every man would come to understand that all men are brothers. And, Freemasons foresaw that they would lead the way to this new global understanding. This new global system was inevitable and would happen naturally, peacefully.

Weishaupt said "Nonsense"! It would never happen peacefully and naturally; it must happen only by violent revolution. Hence, Weishaupt and his men began an infiltration into the European Masonic lodges in 1776, and in just 13 years, by 1789, Weishaupt controlled all Masonic lodges in Europe with his violent brand of change. His takeover of American Masonic Lodges did not occur before the 1830's, as far as I can tell; however, Weishaupt was able to win the hearts of many American Freemasons before that date.

Weishaupt lacked only one element in his grand Plan to establish his New World Order: a tactical Battle Plan that would clearly specify how he was to proceed overthrowing all the established governments in the Western World. In 1823, a German professor named Hegel provided that formula, that specific battle plan. Hegel proposed that societies were governed by the following formula:

- The existence of one type of government or society, named **Thesis**, would provoke the appearance of the opposite of that type of government or society, which Hegel named **Antithesis**.
- Thesis and Antithesis would naturally begin to battle one another, since they were exactly opposite systems and, therefore, would see matters differently.
- If Thesis and Antithesis battled each other for a long period of time, with neither side annihilating the other, that battling would result in both side changing to a hybrid system of government and society, which Hegel called **Synthesis**.

A constant battling, or threat of battling, was the key. Hegel theorized that "Conflict brings about change, and planned conflict would bring about planned change. This theory swept through Europe, on college campuses, sparking many a debate! After awhile, student's fascination with this theory died down, but the Illuminati, with Freemasonry now thoroughly involved in the leadership in the New World Order Plan, now had their formula to achieve their goals!

Let us now define these terms as they relate to Weishaupt's Plan:

- **Thesis** -- is the original system dominating Europe in the late 1700's. This system was economically Private Enterprise, politically either Monarchy or Democracy, and religiously Judeo-Christian
- **Anti-Thesis** -- is the opposite system to Thesis, which, theoretically, by battling Thesis for an extended period of time, would produce a new system, called Synthesis. The major problem is that no truly opposite system to Thesis existed in 1776.

So, what can you do when no truly opposite system has "spontaneously" sprung up? If I were in charge of executing the New World Order Plan, and I believed in Hegel's theory, I suppose I would sit down to create an exactly opposite system to Thesis. Catholic editor and author, Piers Compton, writes about the creation of Antithesis, the exact opposite of the Western Thesis. In 1846, "there was a feeling of change in the air. a change that would extend beyond the boundaries of the Church and transform many facets of existence.... Two years later a highly select body of secret initiates who called themselves the League of Twelve Just Men of the Illuminati, financed Karl Marx to write the Communist Manifesto..." ("The Broken Cross: Hidden Hand In the Vatican", p.16)

Antithesis was theoretically created when the Communist Manifesto was issued by Karl Marx in 1848. Christian author, Gary Kah stumbled across this secret when he was given a cache of old, secret Freemason books. He wrote about it in his book, "Enroute To A Global Occupation". On Page 94, Kah reproduces a chart which he discovered, which depicts the historic linkage between the New Age Movement through Freemasonry through The Illuminati, the Rosicrucians, the Knights Templars, Gnosticism, Kabbalism, to the headwaters of them all, the Ancient Mystery Religions of Egypt and Babylon. Off to the side of this main body of linkage, were several spinoff groups created by Freemasonry/Illuminati. "Marxism" is shown in a box, with an arrow back to Freemasonry/Illuminati! There is no doubt. Freemasonry/Illuminati created Communism as the direct opposite to the Thesis, so Hegel's theory could proceed.

Communism was economically State-owned and State-planned, and religiously Atheistic, and politically a dictatorship. A more complete opposite to Thesis could not have been possible, even if it were planned that way, which, of course, it was.

* **Synthesis** -- is the new, hybrid system produced by constant battling between Thesis and Anti-Thesis. Synthesis is planned to be economically Fascist, where the Means of Production and the Distribution of Goods are privately held, but the Government dictates how much is produced and how many companies can produce the same type product. Synthesis was planned to be religiously Satanic, which is the hybrid between the Judeo-Christian Thesis and the Atheistic Anti-Thesis. This new system, hypothetically called Synthesis, has always had a title. It has always been known as the **New World Order**.

This Hegelian Plan has been the major underlying premise which has guided the actions of the Illuminati since the early 1820's. Simply, the Plan was to create the perfect opposite system to Thesis, called Anti-Thesis. These two opposite sides would battle politically and verbally for many years, threatening the world with major war. However, the Plan called for neither side to militarily destroy the other. In the many years during which this battle is planned to be waged, people's attitudes on both sides would gradually change, until the point was reached on both sides which would allow the new system, the Synthesis, to be born. This Synthesis system was called the New World Order.

Stay with us now, because we are close to understanding the flow of human history since the early 1800's, and specifically, in the entire Twentieth Century.

When the Masters of the Illuminati was established in 1776, they had several major goals in mind. We have already listed the Illuminati's six major goals, at the bottom of page 1 and top of page 2. These six goals are indeed shocking and revolutionary. However, as shocking as this concept is, we are even more greatly shocked when we realize that these six objectives espoused by the Masters of the Illuminati match, word-for-word, the goals of **organized Communism**, which Karl Marx popularized in the mid-1800's. This word-for-word match leaves no room for misunderstanding: the Masters of the Illuminati created the concept of Communism. Indeed, author Nesta Webster captured this truth in her book, "World Revolution: Plot Against Civilization", written in **1921**. She created a chart showing the flow of World Revolution, which she included as an insert in the back of her book. She shows a hidden Masters of the Illuminati link in the year 1871, between the European Commune and the First Internationale Congress, lead by Karl Marx and Friedrich Engels. Clearly, Communism was created to be the exact opposite, or the Anti-Thesis, of Western Capitalism.

But, there is more. The philosophies of the Masters of the Illuminati and Communism are also identical. What are these philosophies?

1. Man is inherently good.

2. All of man's problems are the result of bad environment. Therefore, all man's problems can be cuwhite if only his environment is changed. (Note: This belief resulted in the wholesale slaughter of 200 million people since 1917; the best way to immediately improve the environment is to kill everyone who will not be able to accept the new order. Since this belief is also basic to the coming age of Anti-Christ, the New World Order, does anyone hear the approaching sound of the hoofbeats of the Four Horsemen of the Apocalypse?)
3. Man's reason is supreme, and if left unfettewhite by religious dogma, could create an earthly utopia.
4. The wonderful ends justify any means necessary to achieve it. This belief is a corollary to the belief that man can achieve happiness by restructuring his environment. Thus, any action, including wholesale slaughter of people, can be justified if it advances the lofty cause.

The shocking fact of history is that the secret society, the Masters of the Illuminati, created Communism to be the exact Anti-Thesis to Western Capitalism. Once Karl Marx and Friedrich Engels issued the Communist Manifesto in 1848, the political stage was theoretically set to begin the planned battle between Thesis and Anti-Thesis. Further, Western Capitalists were pleased with this new system, and were ready to support it with as much money as was needed to create their coveted Synthesis, the New World Order. Author Antony Sutton in his book, "Wall Street And The Bolshevik Revolution", reprints a political cartoon which was created by Robert Minor, and was printed in the St. Louis Dispatch in 1911. Please note that, in 1911, Communism was just a theory; the Czar still ruled in Russia. In this cartoon, Karl Marx is shown in the middle of the street in New York's Wall Street area, with his thesis on "Socialism" which we know today as Communism, tucked under his left arm. High-rise buildings line both sides of the street and the Empire State Building is clearly seen in the background. Throngs of people are in the background, throwing their hits into the air in jubilation.

What is the cause of all this merrymaking? The Western Capitalists were giving Karl Marx a ticker-tape parade. George Perkins, a partner of the fabulously wealthy J.P. Morgan, is shaking Marx's hand, with a wide grin on his face. Standing behind Marx with his hand outstretched, is Andrew Carnegie. J.P. Morgan and John D. Rockefeller are also seen waiting their turn to shake Marx's hand. And standing directly in the background, between Marx and Perkins, is Teddy Roosevelt.

Thus, this cartoon succinctly captures the correct understanding that Western Capitalists were very supportive of Karl Marx's theories of Communism. Why? Because now they had created the perfect Anti-Thesis to Western Thesis, and were thus poised to begin to create their hybrid system, Synthesis, better known as the New World Order.

As we have stated before, this Synthesis system is planned as a Fascist economic system whereby the Means of Production and Distribution of all goods, is controlled by Private Industry. The Government would control how many companies could manufacture the same type of merchandise and how much of any product which could be produced. Clearly, for this system to work to the benefit of Private Industry, the dictator of the Government always had to be a businessman, who would make all his decisions on behalf of business. This new Business-Government system will create enormous profits for several reasons:

1. It will allow no competition in any specific area of the economy. For example, there would no longer be over 10 car manufacturers in the world. There would be only one.
2. The Global Government would not allow any local leader to arise and seize the assets of any multinational corporation. This type of seizure, such as the Arabs seizing the assets of the Multi-National oil companies on their territory in 1972-73, has cost world corporations trillions of dollars profit in this century alone.
3. Global Government will produce the peace which is so necessary for business to succeed. Of course, this peace will be achieved at the loss of our personal freedoms, but no New World Order leader cares about individual freedom. Global peace will produce fat bottom line profits.

Remember Paul's words in 1 Timothy 6:10, "The love of money is a root of all evils". Since the Kingdom of Anti-Christ is prophesied to be the highest evil of all time, we should not be surprised that monetary profits underlie his entire kingdom.

Now back to the early part of this century. The number One requirement for this concept to work was for the government of a large nation to be overthrown and replaced by this Anti-Thesis government, Communism. Since the United States of America was the unquestioned leader of the system of Thesis (Capitalism), it was absolutely necessary for the new Anti-Thesis (Communism) to be lead by a nation who was similarly endowed with land-mass, population, and natural resources. New World Order planners decided, in the early 1900's, that this nation was to be Russia. Thus, Western monies flowed early and continuously to Lenin to achieve the overthrow of the Russian Czars. Again, Nesta Webster captures this historical fact in her "Chart of the World Revolution". Webster shows the Illuminati working through the German General Staff to support Lenin in his revolution. Once Communism was in power, Western monies, cwhteits, and political support kept Communism from collapsing from its basic inefficiencies and flaws.

Once Russia was Communist, the next phase of the plan was introduced. This phase calls for the threat of conflict between America and Russia, with no side militarily defeating the other. Thus, after World War II, with Russia being built up as a superpower because of World War II aid, the peoples of the world were subjected to one crisis after another between American and Russia. As a result of 40+ years of planned conflict between Thesis (America) and Anti-Thesis (Russia), the time has now come for the planned merger into the new Synthesis, the New World Order. All along, the leaders of Communism have been participants in the Plan to create the New World Order. They have been loyal soldiers to this cause, along with Western Capitalists and Western political leaders. Gorbachev's statement so very clearly reveals the truth of this scenario. The Masters of the Illuminati, working with Western Capitalists, created Communism, and they **think** they still control it.

This concept is such a departure from conventional teaching, you may be shocked to disbelief. If this describes your reaction, let me prove it to you with a most revealing statement made by Alice Bailey, the most important New Age leader in history, whose automatic writings have been followed like a blueprint to achieving the New World Order. In her most important book, "The

Externalisation of the Hierarchy", Bailey wrote, concerning the historic meeting at Yalta, in 1944, "There, three men, constituting a basic triangle, met with goodwill to all and endeavoured to lay the groundwork for coming world happenings." (Page 448) Who attended the historic Yalta conference, at which the Western powers granted such unbelievable concessions to the Russians?

1. American President Franklin Roosevelt
2. British Prime Minister Winston Churchill
3. Russian Communist Dictator Josef Stalin

Bailey's "guiding spirit" has just stated that these three men were equal leaders in the drive toward her goal of the New World Order! As I stated before, the Masters of the Illuminati, and other secret societies, monetarily backed by the world's most powerful leaders, created Communism as the perfect Anti-Thesis to Capitalism (Thesis) so that prolonged nonviolent struggle would produce a new and different system, Synthesis, the Fascist New World Order.

Finally, the concept that the Masters of the Illuminati created Communism links Communism with the New Age movement, through Madame Blavatsky's Theosophical Society, created in 1875. Thus, you have seen and heard Gorbachev using all the standard terminology of the New Age since 1986. Our historical understanding is now complete. The linkage of organization is:

1776 -- Masters of the Illuminati is created with goal of the New World Order.

1823 -- Hegel's Theory Introduced (Thesis x Anti-Thesis = Synthesis)

1848 -- Karl Marx creates Communism, the perfect Anti-Thesis to Capitalism's Thesis System.

1875 -- New Age Movement established as the Secret Society, Theosophical Society.

1917 -- Communism becomes the system of Government in Russia, creating in reality the Anti-Thesis to the Western Thesis, lead by America.

1917-45 -- Western powers build up Russia to Super Power status.

1945-89 -- USSR poses potential conflict with USA, especially the frightening scenario of nuclear war. Actual conflict avoided.

1975 -- Guiding Spirits tell Theosophical Society it is now time to go public, changing the name to the New Age Movement.

1990 -- President George Bush announcing New World Order in August, after Iraq's invasion of Kuwait.

1990 -- Communism changing clothes to become New Age and to begin its **planned dissolution**.

SOON -- Merger of East/West, i.e., USSR/USA into One World Government via the United Nations.

Let us listen carefully again to Gorbachev's revealing statement, " **An alternative between capitalism and communism is in the offing...**"

Now, we understand what Gorbachev meant when he made the above statement. Let us substitute the official terms for the words, "capitalism" and "communism". "An alternative between Thesis and Antithesis is in the offing ..." And, what is this "alternative system"? It is the New World Order! Gorbachev nearly let the cat out of the bag; indeed, he must have been sending a signal to all initiates and adepts of every secret society in the world, to be patient, because the Plan is on track and nearly complete.

This means that the breakup of the U.S.S.R. was not an accident of history, nor a result of any policies of President Reagan; rather, it is simply part of the Plan. As the world is about to be joined into the New World Order, one of the combatants needs to disappear, end the staged protracted struggle, and enter the Synthesis system.

We can show proof that this is the case. Remember our article of last week, NEWS1002? We showed how NAFTA was created as Nation #1 of the New World Order Plan to reorganize the world into 10 Super Nations, economically at first, politically later. This 10-Nation Plan was published in 1974, in a book entitled, "Mankind At The Turning Point". Super Nation #5 was listed as "Eastern Europe, including Russia". Wait a minute!! In 1974, Russia was merely a province of the U.S.S.R.!! And the U.S.S.R. was a superpower; therefore, protocol would have dictated that Super Nation #5 be listed as "U.S.S.R., including Eastern Europe". But, it did not say that, did it? Why? Because the New Age authors of this book knew the Plan thoroughly, in 1974. So, like "prophet" who can "see into the future", they correctly listed the province of Russia as part of Super Nation #5, even though the change would not occur for almost 20 more years!

Dear Christian, the Bible states, from beginning to the end, that Lucifer (Satan) conspired from the beginning to try to wrest control of the world from God, and set himself up to be worshipped as God. Biblical prophecy clearly states, in both Old and New Testaments, that Satan will work through men and nations, conspiring in secret, to reorganize the world into 10 Super Nations, working through the "dark sayings" or witchcraft, to accomplish these goals. Then, once they succeed in reorganizing the world, they will simply hand their new authority to Antichrist.

This, in a nutshell, is Biblical prophecy concerning the world organization in the last days of time. And, surprise of all surprises, this is exactly the New World Order Plan, as set forth in the massive works of the New Age Movement.

Now, you may be asking, how and where does Hitler fit into this entire Plan? His Plan, which he also called, New World Order, was clearly the same as the current New World Order Plan. He set up the exact system of government as is planned for the current New World Order (also called Synthesis in the Hegel's Plan). And, Hitler considered himself the Antichrist.

Yet, the entire power of the Western World, as exemplified in the Allied Powers, turned aggressively on Hitler, thoroughly destroying him and his baby New World Order nation. And, the Allies wreaked this complete devastation despite the fact that the top corporate and political leaders had actively supported Hitler with tremendous sums of money, channeled through "neutral" Switzerland.

Why? I struggled with this question for several years, not coming up with any answer that made sense. But, then I met a born-again Christian, Doc Marquis, who had converted out of Satanism. Marquis was just completing his new book, "The Secrets of the Illuminati". Three years before he left Satanism, Marquis was asked to become a part of the Illuminati, which was a totally separate division of traditional Satanism. So, for three years, Marquis learned the New World Order Plans of the Illuminati. He was saved, because one day, he felt the urge to read the Book of Revelation from the Bible. By the time he was in Chapter 18,

Marquis suddenly realized that he had just been reading details of the super-secret Plans of the Illuminati for the New World Order!! For the first time, Doc realized that he was not serving the highest power in the universe.

I asked Doc this question: If Hitler was pursuing the New World Order Plan, was a type of the Antichrist, and was generously supported by Western monies, why was he destroyed? What purpose did his existence serve? I will never forget Doc's answer, because it opened my mind to such understanding!!

Doc simply said, "David, the Illuminati never establishes anything on a large scale, until they have first tested it on a smaller scale."

Of course!! The Illuminati plans to establish their New World Order Plan globally. It makes great sense that they would want to test it first on a smaller scale, to iron out all the problems, smooth out all the difficulties. Then, when the true Antichrist arises, he can confidently establish his global system, knowing that it will work. Hitler's Fascist Economy did work, but Hitler made several changes midstream; his Dictatorship was effective in ruling Germany and rooting out his enemies; and, his Spiritual leadership as High Priest of an open worship of Satan worked, as it mesmerized millions of Germans, converting them into fanatical supporters! And, now that the Illuminati knows that their system can work, they can confidently plan to establish it world wide. Hitler never knew his *true* role, never knew he was being used, and would be discarded once his use was finished. Do not be deceived; now you know the truth.

Are you spiritually ready? Is your family? Are you adequately protecting your loved ones? This is the reason for this ministry, to enable you to first understand the peril facing you, and then help you develop strategies to warn and protect your loved ones. Once you have been thoroughly trained, you can also use your knowledge as a means to open the door of discussion with an unsaved person. I have been able to use this knowledge many times, and have seen people come to Jesus Christ as a result. These perilous times are also a time when we can reach many souls for Jesus Christ, making an eternal difference.

If you are not born again, I encourage you to either E-Mail me so we can talk, or go to a Fundamental Bible-believing church in your area (we can help you find one), where someone can show you the blessed, and easy, Biblical way in which you are born again. Remember Jesus' Words, "You must be born again ..." (John 3:3-7).

If you have been blessed by this ministry, which seeks to educate and warn people, so that they can see the coming New World Order -- Kingdom of Antichrist -- in their *daily news*, then we need your support to stay on the Internet.

The sword is coming, and coming both quickly and with enormous power. But, most people, including most Christians, do not see it coming. Will you be a "Watchman On The Wall" with us? (Ezekiel 3:17-19, God's most solemn warning)

Finally, we would love to hear from you. You can write us at:

WHERE DOES NAZISM FIT INTO SATAN'S PLANS?

from the book *Bloodlines of the Illuminati* by Fritz Springmeier - pages 300 - 301

Let me briefly recap what some of the plan was. And while you read these plans that I am relaying to you from my intensive research on high level Satanism, see if you don't see the irony in the Satanic plans. How very ironic it is that in all the twisted thinking and reasoning of the leading Satanists for why they must do things, it is surprising they do not catch on that this plan of Satan's is going to achieve God's revealed plan. How pride does blind us! (For the sake of brevity I will dispense with my normal method of documenting everything; I suggest that my book *Be Wise As Serpents* be read for documentation, and further questions be written to me.)

The "brilliant" plan given in detail to the Illuminati was to create a thesis and its opposite called the antithesis. The process would repeat itself until the desired outcome. Out of the battle between the two would emerge the synthesis. Out of the battle of chaos would come a new order reminding us of the Masonic slogan "Order out of Chaos." If the thesis were like a hammer and the antithesis like an anvil, what was caught in between would be broken or reshaped. Three world wars would enable the plan to work. The hammer would be constructed and then given a homeland, a secure base in Russia. It is what we call communism. The first anvil would be created out of economic chaos in Germany. It would be called National Socialism. That anvil would be destroyed in a Second World War, but another anvil would replace it called democracy.

The first two world wars accomplished exactly what they were intended to accomplish.

Out of the first world war came:

1. A secure Satanic dictatorship in Russia, a secure base to carry out further world subversion.
2. the Satanic family of Rothschilds gained partial control over Palestine, preparing the way for Satan to rule from Jerusalem some day
3. weapons of mass destruction and terror.
14. The League of Nations.

Out of the second world war came:

1. The enlargement of their secure base in Russia into a world power.
2. complete control over Palestine by the Rothschilds.
3. airpower, including long range missiles, jets, secret flying saucers, and powerful submarines, all items that individuals could not produce. Those in control of production would therefore control all air and sea ways of the earth.
4. The cold war and an era of terror to convince the people of the need for Satan's One World Order.
5. the United Nations.

Out of the third world war would emerge a new religious system. The third world war would have to be tailor-made to be like the Bible's Armageddon, Satan told his highest slaves, because- if it resembled Armageddon, then the people would believe he was the Messiah when he came after its end, It would have to be terrible, so that he could step in and bring miraculous order out of a world beaten into chaos by the worst war in history. Again it would be "Order out of chaos", as the Masonic documents repeatedly proclaim.

Just like the Second World War emerged out of the great world-wide depression. Satan told his followers this 1992-99 tribulation would repeat on a larger scale the plagues of Egypt, for he would wreck revenge for what was done to Egypt by God (and Moses) by giving back in a bigger way to the world what happened to ancient Egypt. To a demonic controlled mind it makes sense to wreck such revenge, especially when the end result is held out to be the salvation of the world by the Lightbearer, the Morning Star, also known as Lucifer. For most of us, the idea of such pain and destruction seems like demonic madness--which it is.

At the core of the One-World-System is Satanism. It hides itself behind fronts such as Jewish Finance, Socialism, Aryanism, British Israelism, Zionism, and Freemasonry which are tools to get the broad masses to serve the Plan. The "conspiracy" to create the One-World-System has enlisted the help of almost everyone. That is because most of the religious systems at the top are controlled by Satanists who know what they are doing and direct the people's religious efforts. (Read the research in *Be Wise As Serpents* for the documentation on this.) Nazism was a Pagan Gnostic religious system whose High Priest Hitler knew what he was doing in relation to Satan's mission. (More about this further down.)

THE WAR IN IN THE BALKANS IS FOLLOWING A SCRIPT TO CREATE WAR!!!!

News Release from Fritz Springmeier - early April 1999

Over two weeks ago, this author was given inside information that the New World Order had pulled all their key people---specialists, and so forth out of San Diego, CA. These people were given a secret high level briefing which told them to leave San Diego by April 3rd, and that the reason they were to leave was that Russia was going to drop nuclear bombs on San Diego, Seattle, NYC, coastal cities on the eastern seaboard where U.S. naval forces (such as subs) are kept, and Biloxi, Miss. These important people were then moved to Colorado, Idaho, Montana, and Utah where they could be secure underground. Two of these people had lived through Vietnam, and no longer trusted their government to care about the people, and it is through these two that this information leaked to this author.

This information is important, but what is even more alarming is that many other things support this information & lead to only one conclusion, a nuclear war has been planned against the United States by Russia, & the American public is being blindly led into this war. People who are aware of Dumitru Duduman's prophecies may not be surprised by this state of affairs, but none the less are placed into the same position everyone else is in. That position is to ask, "Will this really take place?", "What can we do to prevent this? & "What can we do to prepare to survive such an attack?" and finally, "What will be the warning signs that bombs are about to drop?" This news release will try to answer these questions.

Bad weather over Yugoslavia has apparently set back the script a few days. NATO says that they are two days behind because of bad weather. Apparently, the entire script must be played scene by scene, and the bad weather gave us a little more time. I also hope that by blowing the whistle on this devious plot over radio to 1 million listeners might make the plotters think twice about their play which has chillingly gone through act 1, act 2, act 3, and act 4 all according to the script. There are many interesting things about this Kosovo crisis that the news media is mostly ignoring, What will follow is some of the collaborating evidence and related affairs which the reader may not be aware of, Yugoslavia is like Russia's little brother. Since NATO's attacks on Yugoslavia, Russian television has repeatedly referwhite to Russia's close relationship to Yugoslavia. Russia has a treaty to protect Yugoslavia if it is attacked. What big brother would not defend his little brother? So why has not Russia honorwhite their commitment to Yugoslavia? Perhaps they are moving to do just that. More on this in a moment.

NATO and Yugoslavia are locked into this crisis which continues to escalate. NATO continues to weaken itself as it uses up its limited supply of cruise missiles and ammunition. The United States has been sending its reserves of food and medical supplies to the Balkans. The United States is greatly overextended. In order to fight in the Balkans, air force units patrolling northern Iraq had to be shifted to the Balkans theater. The aircraft carrier in the Persian Gulf went to the Adriatic and the only American aircraft carrier in the Pacific is now in the Persian Gulf. The fighting in the Balkans has no strategic importance in relationship to a conflict between Russia and the U.S. In other words, we are preoccupied with a costly war which if we get into a war with Russia has no strategic value.

According to eyewitnesses who have sat in on high level meetings, the Kosovo crisis is following a script. There are numerous clues that this is true, in fact, many items of the pre-written script are being played out before our eyes. On the Bill Brumbaugh radio show, this author warned that the next step in the script was for Russia to increase tensions and "rattle her sabres". This stage just began today, as the Russian government demanded that the United States and NATO stop the bombing in a few days or else they would take action. At the same time, Russia has announced they will try to form a group of world leaders to work on diffusing the crisis. For those who are still skeptical, let's postulate for the sake of discussion that Russia wanted to nuke the U.S. If so, then how would events be scripted? The Russians would not want to announce their intentions so they will wear a smiling mask that hides their true intentions.

Instead of being bellicose like Khrushchev, they will put on a calm nice front, so as not to alarm their prey. Further, there would have to be some kind of pretext that would justify to the Russian people that America was aggressively a threat to them, and that their honor, patriotism and morality called for a strong reaction. NATO has been portrayed in the Russian media as having broken several international laws to interfere in the internal affairs of the nation of Yugoslavia. The U.S. has supposedly according to their news already launched an ICBM from a submarine that hit Yugoslavia. The United States also placed sanctions on 3 Russian companies Tula Design Bureau, Volsk Mechanical Plant, and the Central Research Institute for Precision Machine Building on April 4, 1999. At a time that American-Russian relationships are fragile, our government is busy humiliating and agitating the Russians. It does not make much sense. Why are we ignoring the Russians and humiliating the Russian government in front of the Russian people? Like I reported, we are following a script in which our traitorous leaders like Bill Clinton are involved in order to bring in the New World Order. This script will soon usher in W.W.

III. Unfortunately, much of what is happening is not being reported, so most people can not put together the pieces that would expose how the crisis has been created at the behest of the World Order in order to implement their NWO agenda.

The subject of Russia and its reaction to the NATO attacks on Yugoslavia has received very little attention on the establishment media. When the subject is raised, the answer is that Russia is an economic basketcase and they can't do anything. First, the bear still has claws. For years, Russia has been stockpiling the food that U.S. and Europe has sent them. Russia has secretly been enhancing their military. Their people are poor and suffering only because they have continued over the last few years to stockpile large quantities of food and weapons. They have followed both Sun Tsu and Lenin's doctrine of feigning weakness. One NSA agent told this author in a half-cocky fashion, simply, "If you want to understand what is happening today, read Sun Tsu." On the surface that does not seem to say much, but if one understands that Sun Tsu advocated feigning weakness to surprise one's enemy, it says a lot.

In 1992, this author attended a conference at Lewis & Clark College which was opened to the public entitled "The New World Order". The speakers were several Russian professors from Moscow, such as the University of Moscow. I got a chance to ask questions. They said that Russia was in the same transition that the Weimar Republic was ~ when it became a Nazi regime. They also admitted that they had seen that food was being stockpiled and not getting to the people. They said that they had seen no tangible help from Europe and the U.S. reach Russia, and yet our media made it sound like we were feeding the hungry Russian people. After starving for years, just like the Germans during their trial period with democracy after W.W. I, the Russians don't care if they go to war, or if they are led by a dictator. They just want to be taken care of and feel the same pride they had in their country when the world feawhite and respected them.

Several books could be written about the details in this news release, including several books about how the United States is practically defenseless. Americans keep bearing the mantra "We are the world's only superpower." And every time it is said, godly people should remember the truth, "Pride goes before the fall."

America's early warning system, our radar network that told us when enemy bombers were 2,000 miles away, was shut down by President Bush. So now we have our eyes closed. If that were not enough to be defeated, Clinton made an executive order which forbids the military from reacting to a Russian first strike. Our generals and admirals must wait until the first strike bits, before they can respond. This is like going into the boxing ring and saying "Give me your best hit". Well, the Russians are ready to give us their best hit, and it will be a knock out punch. It used to be that we would launch our missiles when we detected theirs being launched and the missiles would cross mid-air and blow up both countries. Now we are to absorb their first strike. That is why

their first strike is targeted to knock out our naval bases and submarines. They have produced enormous numbers of killer submarines which greatly outnumber our submarines and these will attack to eliminate any submarines at sea. Except for our mobile subs, the U.S. no longer has mobile missiles, but only a whiteuced number in fixed locations.

We are building a new defensive system that has not been brought on line. Now is ideal for them to strike, The downsizing and budget cuts have greatly weakened our military. Plus our leaders have done everything possible behind the scenes to weaken us, claiming that this was the peace dividend from the fail of communism, and necessary to balance their budget.

Obviously a few of our missiles will get past their excellent Anti-ballistic Missile Defense system (by the way, we have no ABM system). This means that the Russians will receive a few casualties, but these will be minor compawhite to the damage that we receive. There are many reasons why the Russians need to strike soon, or lose their capability. Their own nuclear weapons are corroding and decaying. They also face a worse Y2K problem than we do with their military computers. Their military leaders are now publicly urging that the Russians do something with their military to stop the bombing of Yugoslavia.

The groundwork has been laid for the Russian people to believe that they have the moral high ground in launching a nuclear first strike. We are seen as the aggressors who created this Yugoslavian crisis. The Russian people have seen women and children killed by our bombs. The Russian government warned the United States that it would take it very seriously if any harm came to the many Russians in Yugoslavia. The Russian embassy was very close to one of the sites which was just recently destroyed by NATO bombs. The Russian military now has a complete advantage over the United States, and in their eyes every reason to strike us. Will they? Many clues and inside reports from all over confirm that this is exactly where we are headed. In fact, we only have days from now. By the time this report reaches you, we will be very short on time.

I apologize that this warning is so late. On the other hand, there have been many visions received recently by devout Christians warning of what this news report states. Even the reported prophecies by the Virgin Mary in Yugoslavia years ago, said W.W. III would break out this way. (I don t believe that "she" was honestly the Virgin Mary, but that the enemy manufactuwhte those reports so that people would later recall them and say that this W.W. III was God's will and that we could not do anything about it. The truth is, it is a World Order script that has been well orchestrated behind the scenes.) One of the important areas to watch to see if war is to break out is North Korea which will join Russia. North Korea recently had 7 spy ships chased away from Japan by the Japanese navy. It was reported that the Japanese navy fiwhite hostile shots for the first time since W.W. II. These are the kind of incidents that one will see before a major operation. Before any offensive, probes will be made to learn day to day intelligence. An increase in probing and spying is an alarm. North Korea has been very volatile, and the situation looks like it is ready for a new war.

When war breaks out, the script is that China will jump in on Russia's side and seize Taiwan, now that we have no fleet to protect Taiwan. It is not difficult to imagine that Clinton and the NWO probably have planned it this way, when one remembers that Clinton is facing a scandal for having given the Chinese high tech for their military, and that they were spying during his administration on our best secrets. He also gave them the port facilities at Long Beach, CA.

Mexico has been denouncing NATO's attacks. Isn't that strange? Mexico, who seems to be so close to America, is politically siding with Russia and Yugoslavia on this one. Eyewitnesses report how Mexico has been used to warehouse Russian heavy equipment for their next war against us. Teams of Mexicans have been highly trained by the Soviets (similar to our Delta teams) and are to be used during Russia's takeover of the U.S. Mexican gangs and highly trained Mexican military teams are to be used for the house-to-house searches. Some have already received the addresses of the houses they are to receive (occupy) when certain American homeowners are evicted from their homes.

Cuba will also be used as a base of operations against us. Further, millions of the recent immigrants into the United States have come here from Russia, China, Eastern Europe and Vietnam, and are programmed to cooperate with the destruction of America.

The extent of the crisis looming over the horizon, is worsened by the fact that our government is loyal to the New World Order and can not be trusted any more than the Chinese, Yugoslavians, or Russians. Many American mind-controlled slaves who work for the World Order are not being taken out of harms way. They are somewhat expendable in order to preserve the secrecy of this whole devious traitorous operation, They are being programmed with information to make them more survivable than the common ostrich-with-his-head-in- the-sand American. One of the items that is being programmed into these mind-controlled slaves is to not trust the American government after the nuclear attack. The American government will be sending people to concentration camps, and rounding up people they consider a threat for execution. These slaves are being programmed with instructions to help them sidestep and survive the tyranny of the American government after the war starts.

We still have another final act before the bombs hit. Russia's military will increase their sabre rattling and increase the tension. This is only a cover so that they can get their military in position. People are going to think that the Russian military is responding to Yugoslavian crisis, while in reality they are moving into position for W.W. III. After a short increase in tension, a false political breakthrough will occur, similar to the Japanese peace negotiations just before Pearl Harbor. The U.S. will relax at this political breakthrough and then the attack will hit. Our time is very short, Prepare a shelter, get Potassium Iodide. Take Calcium, Potassium, Zinc, and Vitamin B-12. Have some foods like chocolate bars as morale boosters. We will be underground for several weeks. --

UPDATE on NEWS RELEASE by Fritz Springmeier (April 18, 1999)

PART 2. THE WAR IN THE BALKANS IS FOLLOWING A SCRIPT TO CREATE WAR III

(This is a follow up on the previous four-page news release which revealed how the crisis in Kosovo was following a script that is taking us into W.W. III.)

Some analysts of Russia are pointing out how ironic it is that in our attempts to contain Milosevic, we are driving the Russian people to replace Yeltsin with a Milosevic-type of chief.

Boris Yeltsin is isolated. He is one of the few Russian leaders who is slow to want war with NATO, but his leadership position is very precarious. The hard-line pro-war Russian political leaders are giving lip-service to peace while talking war and preparing for war behind Yeltsin's back. After Yeltsin goes to bed, the Russian internet is buzzing with messages concerning war with the U.S. According to a poll, at least 92% of the Russian people would support a war against the U.S. to protect their little brother Yugoslavia. A current popular slogan in Russia is "Yugoslavia today, Russia tomorrow." The Russians do view the attack on Yugoslavia as aggression, and they view it as aggression against Russia. From almost the beginning, the Russians have warned that if NATO troops went in on the ground in Yugoslavia (Kosovo included), they would use "severe measures" and militarily protect Yugoslavia. These repeated warnings/threats have been largely ignored by the western establishment media. The establishment media glosses right past their existence. What is even more dangerous, is that our politicians and military planners are also ignoring Russia's warnings. General Clark, the NATO commander, has the audacity to call for the insertion of NATO ground troops into Yugoslavia. Why is General Clark ignoring all the warning signs that Russia will attack if we escalate circumstances by moving ground troops in?

It does not make sense, unless you understand the inside information that this author has shawwhite over the years that this Balkan-Kosovo crisis is a script that NATO and the World Order themselves have designed to bring in another war to usher in the New World Order's final World Government. This war and the script to cause it, were planned many years ago, and insiders were told about it many years ago. The establishment media is portraying the American public as demanding ground troops. One after another have come a long mass-media parade of senators, politicians, retired generals, heads of organizations, and common people calling for ground troops. Some of these hawks are unwittingly calling for ground troops, because the controlled media has practically bushed up the enormous danger from Russia if we use ground troops. In case the reader is still skeptical about Yugoslavia and Russia's fraternal bonds, it should be pointed out that about a week ago the Yugoslavian government drew up the plans to become part of Russia and Byelorussia (Belarus). The paperwork was sent to the other two governments. The Russian and Byelorussian governments are now involved with the small details of merging with Yugoslavia. When this is done, our attacks on Yugoslavia will actually be attacks on Russia! But again this important detail is left out of our American news reports.

Do the Russian government and people want to go to war? YES, O.K. for the sake of discussion let's say they do, so what, aren't they weak? NO, they have superior numbers of war equipment in practically all areas, be it subs, tanks, jets, or just plain army divisions. But even this may not alarm some Americans because they falsely assume that the Russians probably think like we do. Let's take a moment to understand the Russians. The Russians lost W.W. I (surrendered to Germany) and almost lost W.W. II (in which they suffered around 80 million civilian & military casualties). The Russian people are extremely devoted to their motherland which they have fought so hard for, and they are totally convinced that they must be prepared for the next world war. If it means a choice between being prepared or having a good economy, they would rather be prepared. In fact, that is what Russia has been secretly doing for the last decade. They have stockpiled weapons and food, so that they can destroy the NATO countries in the first blow.

The United States managed to be negligent and unprepared for both W.W. I and W.W. II and still comes out shining. We continue to reflect that kind of thinking. We are very much unprepared. Our government has claimed that the Department of Defense was trying to defend us, but in reality, rather than build nuclear shelters for their people like the Russians did, our government lined the pockets of the military-industrial complex with expensive projects like the B-2 and Apache helicopters, which are expensive wonderful toys, but whose few numbers are irrelevant in a war with a nation as big as Russia or China.

Russian military thought is very different than American. While we go in small, and then escalate, like we did in bombing Yugoslavia, Russian military doctrine is to hit hard and ruthless with everything you have. They are not concerned about "collateral damage" or "economy of force", which are frequently heard American military terms. The Russian military doctrine has as its foundation Marxist-Leninist-Stalinist ideology. It is hard for Americans to understand that Russian military thought is very rigid and constructed around "military laws" that the Russians believe they have logically figured out, that when followed will give victory. One of these rigidly held laws, is that Russia must strike in the next war before the Americans and NATO can mobilize. They believe that whatever weapons are available at the outset of the war, these are what will determine victory. This is why they have stockpiled so much military hardware. Another doctrine that their military men can not deviate from is the use of nuclear weapons. The Russians are convinced these weapons must be used in the next big war. Why? It goes back to their world view. They believe the next war will be a war to the death between the west (America and western Europe) and the east. They are totally convinced that this war to the death means that not only must they protect Russia, they must destroy America. This is how they think. Not only is it how they think, it is the only way their military officers are allowed to think. If an officer deviates only slightly from the military laws that are believed to scientifically bring victory, then that officer is canned and kicked out of the military no matter how decorated and good he is.

The Russian military does not allow free thinking and innovation like the United States. The correct attitude toward military doctrines and all orders are required. Anything else is heresy. There are little guidelines on punishment in the Russian military. During wartime, a Russian officer can shoot a soldier for disobeying any order, and during peacetime, he can give out any kind of punishment short of shooting the soldier. What I am trying to say, is that it is criminal that our leaders do not tell us exactly what the Russian military intends to do. The Russian military is very rigid and conservative. They have been very clear to their officers what is expected in the next war, and there should be no confusion about what they expect. The Russian leadership expects the Russian military to use nuclear weapons, and anything else they have to achieve victory. They are expected to start the war by offensively hitting as hard and ruthless as they possibly can. The enemy is expected to be destroyed in a short period. This is the

expectation that has been placed upon the Russian military and this is what they are prepared to do, Fortune tellers are not needed to psychically tell us what is coming. The Russians in their military science books are very clear what they intend to do. No one has an excuse not to realize what is coming. On top of that, the Russians have justified to themselves by now that they have properly warned us. Of course they have spoken softly, because they do not want to wake us from our sleep. This is also military doctrine which their officers are bound to obey. They are expected to surprise NATO with their initial overwhelming first strike. (Everything I have written about what is expected of their generals in this upcoming war are spelled out in Vol. 6 of their Soviet Military Encyclopedia (Soveetskaya Voennaya Entsiklopediya. Moscow: Voenizdat, 1976-1980, Vol. 6 of 8 volumes, pp. 542-43.)

Just as the Russian government requires the Russian military to follow Russian military laws in the next war, so also the Yugoslavian government is set on a predetermined course. The Milosevic government cannot surrender Kosovo. Kosovo is sacred territory to the Serbian people. It has sacred churches and sacred historical sites, Kosovo is part of Serbia's heritage, (This doesn't mean that their genocidal actions are justified.) It does mean that they will not back down, and that is why the script has been written this way. It would be the same if the United States were asked to give up Massachusetts along with Plymouth Rock, Americans would want to fight to the bitter end to protect our sacred territory.

NATO also seems to be boxed into only one option. Western Europe is especially sensitive to anything that appears to be another holocaust. The west is having a predictable knee-jerk reaction to scenes that remind them of Schindler's List. As this author has repeatedly pointed out, the script for this next world war was very well written so that there would be only one path to follow for all the players in this sordid affair.

In the background to all bombs, are the low key reports that the American military is short of weapons and stretched to far. For instance, the Wall Street Journal, Friday, April 16, 1999 has an article on page A12 "U.S. Navy Fears a Weapons Shortage". Most of the cruise missiles have been used up, and the military has no way to replace them for about a year, even if a proposed interim plan is adopted to convert 92 nuclear tipped missiles for conventional use at a cost of \$51.5 million. US News and World Report, April 19, 1999 issue, page 26 has an article "Stretched too far, When two wars are too many." The article states that "specialized assets crucial to running a campaign are in shorter supply." For instance, "Two of the Air Force's five JSTARS surveillance aircraft--vital to targeting moving objects like tanks--are now devoted to Allied Force. So are about one third of the Pentagon's EA-6B's."

As the United States uses up its sophisticated weapons that can not be replaced without a great deal of time and money, and as the United States overextends itself by moving its scarce military assets into the Balkan theater, the Russians prepare to strike us after we weaken ourselves even further. It is no wonder they have waited. We are expending and weakening ourselves without any cost to them. It is all part of the script. And the beat goes on.....

We live in dangerous times. May the good Lord give each reader wisdom and courage.
