

The One World Plan

The State Department document 7277 with its three top secret annexes (A, B and C) spell out their so called "Freedom from War" agenda. They plan to decrease the military of all nations and increase the military of the United Nations until they have the only military. The reasoning goes that with no national military there will be no war. An international military will be able to enforce peace! Then who will be able to make war with the beast (Rev.13:4)? To the natural mind it sounds wonderful but suppose that of the three main designers of this plan two, Russia and China, feign compliance, and one, the U.S. gullibly complies with reduction and redeployment of its military. This is happening and Russia and China will one day spring the trap. Since the end of the Cold War our leaders have cut the military while frivolously sending what's left all over the world. They have been put to sleep (Jer.51:57). Of course their plan would not work as long as civilians could rise up with their own weapons so also in the State Department document 7277 Annex A is a total gun recall and in Annex B a call for the complete surrender of all firearms. The "Trilateral Alliance," Russia China and America were to begin implementing Annex B in 1998. Things didn't go their way but they wont give up. Now terrorism in the U.S. will bring a renewed call for disarmament. Sound crazy? In October 1996 Australia ordered a total gun recall with the threat of imprisonment for those who wouldn't comply. They used the military and police to collect firearms reportedly with the help of the U.S. military. Their excuse was that 35 people were shot by a madman in Port Arthur, Tasmania. The Labor Party government in Britain is calling for a complete ban on all handguns and they will probably get their wish. Their excuse was that 17 children were shot by a crazed homosexual in Dunblane. The shooting of President Reagan and James Brady brought the rise of the Brady bill and a schoolyard shooting in Stockton California made it law and it won't stop there. The militants who demand their right will not stand by while the Second Amendment and their right to bear arms is violated. They will fight and ruler will rise against ruler as it was with Babylon of old (Jer.51:46). Constitutional Nationalist Patriots will fight against Liberal New World Order Communists and then the enemy from without will come.

As Christians we no longer live, but Christ lives in us (Gal 2:20) ***so reckon yourselves to be dead unto sin, but alive unto God in Christ Jesus (Rom 6:11)***. Dead men don't demand rights and don't fight and war (James 4:1). You can slap a dead man on the cheek and he won't even answer back or resist a slap on the other cheek (Mt 5:38-48). We must bear our cross and be disciples (followers) of Christ! Christians will soon learn not to pledge allegiance to any flag. Our kingdom or nation is not of this world, if it were we would fight as Jesus said (Jn. 18:36). Our holy nation covers the earth and we as Christians are one race (1 Pet. 2:9). Therefore we as Christians must redraw the lines, not between us and other races or us and other nations for we are to ***"know no man after the flesh" (2 Cor. 5:16)***. We are one man in Christ Jesus world wide and all races (Gal 3:28) and are not to respect persons (Rom 2:10,11). Preferring the wicked or Christians of this nation over those of another is respect of persons and a work of the flesh (Gal 5:19-21). Patriotism has killed more people than even religion has. God through persecution will help us to redraw the lines between ***"he that is in us"*** and ***"he that is in the world"*** (1 Jn. 4:4).

Our government knows it would be unwise to use loyal American troops to do forcible entry search and seizure for firearms so the bulk of this kind of training seems to be foreign troops, There have been hundreds of thousands of foreign troops and billions of dollars worth of foreign military equipment in our country training. In the past years foreign U.N. troops have been trained at Ft. Polk LA., Ft. Chappee Ark., Ft. Rucker AL., Camp Atterbury Ind., Ft. Carson Col., Ft. Benning Alaska, Ft. Richards Alaska, School of the Americas Georgia, Ft. McCoy Wisconsin, Ft. Bliss TX., White Sands Missile Base, New Mexico and I'm sure there is more than I have found in my limited research. I'm sure only the tip of the iceberg has been seen our government is so secretive. In the past years at least 21 cities have endured mock military attacks and since they are done without citizen knowledge mass confusion has ensued with the results in some cases of the military being thrown out of the city. Of course all this is said to be terrorist drills but who are the terrorists? With F.E.M.A. building prisoner of war camps throughout the country, many believe that the enemy they expect to fight is American. I have pictures of three of these camps circled with rows of barbed wire, looking in to keep people in not out to keep people out with guard towers and turn stiles. These camps are made to hold large groups of people. Retired head of military chaplains Jim Ammerman says there are over 300 of these camps now.

Do you think that maybe they are not taking State Department 7277 seriously? In 1962 the G.A.T.T. and N.A.F.T.A. treaties were written into Annex A. Also in Annex A they did away with the U.S. code Title 4, Section 1287 that guaranteed our national security grain reserves so we could give them to the Russians. Since this all came to pass 7277 sounds a little more credible doesn't it? The government doesn't want grain stored all over the country for Patriots to get and fuel their army. One way to control the food and all other buying and selling is with a national I.D. card which is included in the program and already has been suggested by President Clinton but soon to be enforced. In February 2005 the House of Representatives passed an unconstitutional piece of legislation which will force all Americans to accept a national ID/driver's license. Without it you will not be able to fly and soon drive. Congressman Ron Paul said, "Supporters claim the national ID scheme is voluntary. However, any state that opts out will automatically make non-persons out of its citizens. The citizens of that state will be unable to have any dealings with the federal government because their ID will not be accepted. They will not be able to fly or to take a train. In

essence, in the eyes of the federal government they will cease to exist. It is absurd to call this voluntary, and the proponents of the national ID know that every state will have no choice but to comply." The chip under the skin is the only logical next step when the IDs have become black market available.

This is an excellent way to make enemies of Christian Americans but at least after you have made enemies you can identify them. My Patriot friends you will play right into the spiritual and fleshly enemies hands with your methods. Obey Jesus Christ and resist not him that is evil (Mt 5:39). Obey Paul and wrestle not with flesh and blood (Epe. 6:12). Although Dan 11:14 does not literally apply to this scenario, it reminds me of Gods attitude toward your thinking. It says "***the children of the violent among thy people shall lift themselves up to establish the vision; but they shall fall.***" The Patriots will weaken and distract the government making an invasion easier for the enemy without.
