

THE GENESIS CONNECTION

OUR TRUE ORIGINS OF PLANET EARTH AND MANKIND....

At last - a 'bolt' straight through the eyes approach of the origins of what today we call Homo sapiens. What were our geographical movements in the cosmos? and who instigated our genetic evolution?

THE GENESIS CONNECTION:

It is advisable to have read the archives section on the [AMBILAC - SEARCH FOR THE TRUTH](#) link, for background reading. Link below

Warning - reading this could seriously damage one's thinking!

The following is a serious account and disclosure of the origins of mankind on this planet. It is the culmination of many years research by one James Michael Wilkie, who has ultimately untangled the complex weave of 'myth', reality and countless language interpretations of the book of Genesis, where the content and original purport has been lost through the swirling mists of time.

This has come at an appropriate time in the history of the planet, not because we are approaching the 'millennium' for that is but a calendrical guide, but because we are rapidly approaching a cosmic watershed. A watershed that will not only completely alter the concept of one's beliefs of the evolution of man on this third rock from the sun, but as to our true origins in the cosmos as a whole. Were we in fact derived from 'itinerants' in the galaxies, searching out suitable planets to establish a genetic stock? How did our solar system and the planets within originally form? And who or what intervened in our genetic evolution?

Our planet earth is presently experiencing a few evolutionary changes itself, including the culmination and proving out of a prophecy of cosmic proportions. The time has come, the walrus said, for the repossession of a civilisation that aeons ago, through deceit and a complex set of genealogy, forfeited their 'right' to live and evolve on the surface of planet earth.

What are these anomalous objects we are observing in the skies recently? What of the unusual solar flare activity observed from our sun? And more importantly, what are the causes of the recent diverse weather anomalies, such as earthquakes and meteorite activity, especially the 'visit' of Comet Lee.

Could it be that a relative is due to return to earth, in order to repossess what was originally and rightfully his? Is this a return of what the ancient Egyptians termed the 'Zep Tepi', the first time? A time that begun from the gods of the primeval ocean (nun) to Horus and the redemption of Osiris, god of the underworld and resurrection. The ancient Egyptians considered this period a 'time of the gods', and that it was an actual historical event, an event that was believed to have been recorded in the heavens above, one which was continually re-enacted in the cosmos. It was seen as reflected in the displays of the celestial orbs and constellations, where the main 'characters' were such 'gods' as Re (the sun), Osiris (Orion), Isis (Sirius) and Thoth the moon, to name but a few.

The Giza Plateau is the crux of this whole affair, and as time and space allow, we will update the Genesis connection and information on the possible soon to be opened Hall of Records, the effects of Comet Lee and who and what actually lies below the plateau? Read on and expand your minds.

NOTE:

It is important to bear in mind that the whole background and interpretation of Genesis is one of the most complex sets of data instigated, sets which not only demonstrate the blueprint of mankind, but deal with the physical laws of nature. The 'actors' in the texts have remarkable similarities to many other civilisations 'myths', ancient Egypt especially. Are these but a re-enactment of earlier myths equated by synonyms of the players concerned, such as Osiris, Seth (Set), Horus and Isis etc of ancient Egypt? Indeed is the time drawing near for the return of the Zep Tepi? (First time) Many questions, which hopefully the following articles will attempt to answer.

The authors would have liked to have examined the texts of Genesis line by line, combined with explanatory notes on how the conclusions were ultimately arrived at, unfortunately, due to the nature of imminent impending events, time and space are of the utmost. The most important issue is to disclose all the available facts and conclusions as seen, subsequently, it is up you, the reader, how you disseminate these disclosures. However, because of the immense importance of these conclusions, as and when time and space permit, we will regularly update our sites to reveal the ongoing research and events that are happening NOW!

The following therefore, is a succinct overview highlighting the main elements of this complex and mind expanding scenario.

The extracts quoted within the text are from the RSV version of the Book of Genesis, chapter and verse.

INTRODUCTION:

As previously described, Genesis is the most complex, interwoven coded piece of literature ever written, a text that we are continually working from. What you are about to discover is but conclusions from only two levels of this ancient work, the third level we are still currently working on.

This 'third' level is the revealing of man's genetic code, both in structure as well as operational interaction of its functional mechanism.

The initial level previously proven out, to a minimum of its fifth Decimal Point, dealt with interdimensional physics, where we were able to definitively conclude that whoever wrote the book of Genesis had a) constructed the pyramid complex at the Giza Plateau, and/or b) possessed intimate knowledge of the blueprint from which the complex was erected from.

Partial segments of the findings of the first level have been previously released (See Ambilac link and archives), while the findings of the third level will be released shortly once the research has proven out.

The intent of this particular update is to disclose our findings as they relate to the second level, that not only being the evolution of planet earth, but the evolution of mankind itself. This information can no longer be withheld from the public domain, no matter what opinions and ramifications will ensue as a result. 27th.August 1999

The mathematics as related to the lineage of the planet earth:

Our earth was conceived by two sets of lineage, the first, the solar sun, while the second is the maths set of the six identified in the Bible as; Adam, Seth, Enosh, Cainan, Mahalaleel and Jared.

Adam would be our point of origin in our 'star map' and therefore would be established at zero degrees in the 'Garden of Eden'.

Nahor becomes the father of Terah.

11:24 When Nahor had lived twenty-nine years, he became the father of Terah;

Terah becomes father of Abram, Nahor and Haran.

11:26 When Terah had lived seventy years, he became the father of Abram, Nahor, and Haran

Here there is a sharp shift from the flow which began at Gen 1:1 which walked us through the workings of universal physics etc and ended at our 3 lineage lines.

Please link to CONTACT HAS BEGUN for an overview

In Lineage 1 Terah represents Adam, our sun Abram and its lineage is traced back through the Pleiades (Pleiadians) from the star Alcyone, Adam' gives birth to 'Abram', Abram then gives birth to the earth or 'Abraham';

Lineage 2 Haran is the product of the Jared lineage, Chaldeen or 'Nordic' and associated with the Euphrates river.

Lineage 3 Nahor is the product of the Seth lineage (Reptilian) and associated with the Tigres River.

Lot is equated to Lineage number three, while Abram is lineage number 1.

Earth is in the location of lineage number one where Mercury is now in its present position.

11:29 And Abram and Nahor took wives; the name of Abram's wife was Sar'ai, (Lineage 1 and 2) and the name of Nahor's wife, Milcah, the daughter of Haran the father of Milcah and Iscah. (lineage 2 and 3)

12:1 Now the LORD said to Abram, "Go from your country and your kindred and your father's house to the land that I will show you

Thus Earth is born from the sun and 12:3 -Eve is extracted from the sun's rib, mother earth.

12:4 So Abram went, as the LORD had told him; and Lot went with him. Abram was seventy-five years old when he departed from Haran

Alien intervention:

15:13 Then the LORD said to Abram, "Know of a surety that your descendants will be sojourners in a land that is not theirs, and will be slaves there, and they will be oppressed for four hundred years

15:14. but I will bring judgment on the nation which they serve, and afterward they shall come out with great possessions.

15:15 As for yourself, you shall go to your fathers in peace; you shall be buried in a good old age.

15:16 And they shall come back here in the fourth generation; for the iniquity of the Amorites is not yet complete."

Note # that is, the # fourth generation# and is completed once earth reaches the present location of mars at 1000 or 'zero' degrees. As in 'revelation' the '1000 year reign', the 13th. Baktun,13 degrees to the inside from the point of origin. See Ch. 17:18 below.

This is the four time spans of 100 years apiece.

Comet Lee then signifies the fourth time span immediately after the recent solar eclipse, thus;

15:17 When the sun had gone down and it was dark, behold, a smoking fire pot and a flaming torch passed between these pieces.

The Abram lineage is number one and Hagar is lineage number 2, thus equals Ishmael a 'wild man'.

16:11 And the angel of the LORD said to her, "Behold, you are with child, and shall bear a son; you shall call his name Ish'mael; because the LORD has given heed to your affliction.

16:12 He shall be a wild ass of a man, his hand against every man and every man's hand against him; and he shall dwell over against all his kinsmen."

17:5 No longer shall your name be Abram, but your name shall be Abraham; for I have made you the father of a multitude of nations

17:6I will make you exceedingly fruitful; and I will make nations of you, and kings shall come forth from you.

. 17:7 And I will establish my covenant between me and you and your descendants after you throughout their generations for an everlasting covenant, to be God to you and to your descendants after you.

17:8 And I will give to you, and to your descendants after you, the land of your sojournings, all the land of Canaan, for an everlasting possession; and I will be their God."

The 8th. day ' Heaven and earth were made in 6 days, the 7th rested, thus the 8th. was the first day of existence, this is where the reptilian form is 'lost' (the skin is shed)

17:9 And God said to Abraham, "As for you, you shall keep my covenant, you and your descendants after you throughout their generations.

17:10 This is my covenant, which you shall keep, between me and you and your descendants after you: Every male among you shall be circumcised.

17:11 You shall be circumcised in the flesh of your foreskins, and it shall be a sign of the covenant between me and you.

17:12 He that is eight days old among you shall be circumcised; every male throughout your generations, whether born in your house, or bought with your money from any foreigner who is not of your offspring,

17:13 both he that is born in your house and he that is bought with your money, shall be circumcised. So shall my covenant be in your flesh an everlasting covenant.

. 17:14 Any uncircumcised male who is not circumcised in the flesh of his foreskin shall be cut off from his people; he has broken my covenant."

Sarai to Sarah.

17:15 And God said to Abraham, "As for Sar'ai your wife, you shall not call her name Sar'ai, but Sarah shall be her name.

Isaac:

Abraham at the time of Isaac's birth was $100 = 1 \# 0 - 0$

Sarah at time of birth was $90 = 30 \# 30 \# 30$

17:17 Then Abraham fell on his face and laughed, and said to himself, "Shall a child be born to a man who is a hundred years old? Shall Sarah, who is ninety years old, bear a child?"

17:18 And Abraham said to God, "O that Ish'mael might live in thy sight!"

17:18 And Abraham said to God, "O that Ish'mael might live in thy sight!"

This is the point where this race shed their skin, Abraham at #99# turning 100 Ishmael at 13 (degrees), which equates to Baktun, the end of the cycle.

17:23 Then Abraham took Ish'mael his son and all the slaves born in his house or bought with his money, every male among the men of Abraham's house, and he circumcised the flesh of their foreskins that very day, as God had said to him.

17:24 Abraham was ninety-nine years old when he was circumcised in the flesh of his foreskin.

17:25 And Ish'mael his son was thirteen years old when he was circumcised in the flesh of his foreskin.

17:26 That very day Abraham and his son Ish'mael were circumcised; 17:27 and all the men of his house, those born in the house and those bought with money from a foreigner, were circumcised with him.
